

ENVIRONMENTAL COMMISSION MOTION 20191002 008b

Date: October 2, 2019

Subject: Consider proposed annexation of approximately 4.42 acres into Travis County Water Control and Improvement District No. 10, C12-M-2019-0002

Motion by: Kevin Ramberg

Seconded by: Pam Thompson

RATIONALE:

WHEREAS, the Environmental Commission recognizes the annexation into the District will not affect the City of Austin’s annexation plans and staff does not anticipate any negative land use impacts on adjacent property;

WHEREAS, the Environmental Commission recognizes that staff finds that direct water and wastewater service is not feasible given the location of the property in relation to Austin Water’s system with water and wastewater services approximately 1.25 miles away from the site; and

WHEREAS, the Environmental Commission recognizes that the regulations for development will follow the same rules and processes currently in effect if the District annexes the tract.

THEREFORE, the Environmental Commission recommends consent to the proposed annexation of the 4.42-acre tract into the Travis County Water Control and Improvement District No. 10.
