Re: **Transmittal Letter**  
Reasons for Vacation  
Application for Street or Alley Vacation  
809 E 9<sup>th</sup> St. Austin TX, 78702

Dear Mrs. Vasquez,

Civiltude, LLC is seeking to vacate a remnant and orphaned portion of the 9<sup>th</sup> St Alley, submitted on behalf of **Guadalupe Neighborhood Development Corporation**. The majority of this Alley was vacated previously by the development next door. This remnant portion is no longer connected to any City's public ROW except for being adjacent to TxDOT's ROW for I35. The packet includes the Application for an Alley Vacation, Special Warranty Deed, landowner information, survey notes, and a location map.

The area to be vacated lies within City jurisdiction. A multi-family development project site plan has been submitted for the property adjacent to the area to be vacated.

Additionally, we present the following details pertaining to the area to be vacated:

1. *Is this a residential or commercial project?*  
This is a commercial (Multi-family) project.
2. *How was the area to be vacated dedicated? By plat or by separate instrument?*  
We believe this piece of ROW was dedicated per plat.
3. *Did the City purchase the area to be vacated? (i.e., by Street Deed)*  
We believe the City did not purchase the area to be vacated.
4. *Are both the area to be vacated and your property in the same "subdivision"? (They must both be in the same subdivision to be eligible.)*  
Both the area to be vacated and the project site are located in the same subdivision.
5. *Is the area to be vacated functional right-of-way, or is it only dedicated on paper?*  
This area is no longer functioning as ROW since it is no longer accessible since a large portion of the ROW had already been vacated.

6. *Are there any utility lines within the area to be vacated? If yes, what are your plans for the utilities? Applicants should be advised that easements will be retained to protect existing utilities, even if utility relocation is proposed. Also be advised that no structures may be built on, over or under the easements without a license agreement, insurance, and annual fee.*  
All utilities had been vacated as part of the development next door. The PUE in this alley was released per document #2017079958 (Included with the ROW Vacation Package). The only thing remaining is a small portion of a wastewater line that serves our existing building. We are in the process of confirming if a wastewater easement was dedicated to allow this line to remain in place.
7. *How do you plan to develop the area to be vacated?*  
A portion of a 7 story residential building with one floor of partially underground parking will be located on the vacated ROW, along with 5' clearance for fire access.
8. *Has a site plan been submitted on your project?*  
A site plan has been submitted, reference number SP-2018-0458CSH.
9. *Is your project a Unified Development?*  
The project is not a Unified Development. It has a land status to be one single parcel.
10. *Is your project a S.M.A.R.T. Housing Project?*  
The project is a S.M.A.R.T. Housing Project and the S.M.A.R.T. housing letter is included with the ROW vacation package.
11. *When do you anticipate starting construction of the development?*  
Construction is anticipated to begin August 2019.
12. *What is the current zoning on the adjacent properties?*  
Current zoning of the adjacent properties: CS-MU-NCCD-NP to the north, south, and east with Interstate Hwy 35 to the west.
13. *What is the current status of the adjacent properties?*  
Current status of the adjacent properties: the properties to the north, south, and east is developed as multi-family use, with Interstate Hwy 35 to the west.
14. *What type of parking facilities currently exist?*  
There currently exists surface parking in the form of a driveway, which serves the existing structure.
15. *Will your parking requirements increase with the expansion?*  
The parking requirements will increase with the expansion.
16. *How will the increase be handled?*  
A partially underground parking garage will serve the proposed expansion.
17. *Have any agreements or easements been executed with adjacent landowner(s) or in draft form? If yes, please include this in your letter and provide us with a copy.*  
No agreements or easements have been executed with adjacent owners.

18. *Does the area to be vacated lie within the Austin Downtown Plan (DAP)? Does it meet DAP criteria?*

The area to be vacated does not lie within the Austin Downtown Plan and the ADP criteria is not applicable.

19. *Does the area to be vacated lie within UT boundaries: East of Lamar Boulevard, west of IH- 35, north of Martin Luther King Boulevard, and south of 45th Street?*

The area to be vacated does not lie within UT boundaries.

20. Does the proposed vacation support the Priority Programs and policy directives set forth in the Imagine Austin Comprehensive Plan? If so, how?

Comprehensive Plan in the following ways: the project, a new S.M.A.R.T housing project amid a residential neighborhood, has the potential to be a space where local businesses can thrive and make themselves accessible to the residents in the surrounding areas. This project invests in the interconnectedness of Austin by placing residential buildings along Hwy 35 corridor, providing residents with convenient access to in close proximity to residential spaces, making it feasible for residents to conduct business locally.

Thank you for your time and consideration.

Sincerely,

Nhat M. Ho, PE, LEED GA  
Vice President
