Climate Ambassadors

We are interested in people who can apply an equity lens to climate work or can contribute their historical and/or lived experience to the conversation. An Ambassador is anyone that is interested in climate change issues or is a representative of an organization or group that is directly connected to and/or providing services to historically underrepresented groups in Austin.

TASK 1 – TRAINING & EDUCATION: Participate in a workshop as an opportunity to learn more about climate-related issues and contribute your thoughts to the conversation. Work with staff to design and develop an interview guide.

- 15-hour estimated time commitment

TASK 2 – INTERVIEW REPORTS: Conduct a minimum of five interview reports to gather and share information about climate issues within your community between December and March 2019 (dates TBD).

- 35-hour estimated time commitment

TASK 3 – ON-GOING PARTICIPATION: Collaborate with the Office of Sustainability to reach out to networks about the plan and support for implementation.

- 25-hour estimated time commitment

Payment of \$1500 at the end of the process

Selection is complete:

10 Ambassadors

3 organizations

Kickoff in January
