I move to amend the following amendment(s) as follows:

II. TRANSITION AREAS

[TOVO 23-29] Support Safety, Functionality, and Complete Communities in Transition Areas

[TOVO #29] ~~Retain current on-site parking requirements for residential properties within 750,' and limit parking reductions to no more than 30% for commercial properties within 1500' of an urban core public school to maintain needed parking for parents, visitors, teachers, and staff at school campuses. Leave in place current parking requirements for the residential properties immediately adjacent to neighborhood schools, unless there is a sidewalk on one side of the street or unless a sidewalk in planned in the near future. For streets that are very proximate to schools, but not adjacent to schools, staff may provide a recommendation for such parking and sidewalk policies.~~
