MOTION SHEET 10

I move to amend the following amendment(s) as follows:

III. CENTERS AND CORRIDORS

[TOVO #39] Bars

~~Require a Conditional Use Permit in Mixed Use and Main Street zoning categories for uses that derive 50% or more of sales from alcohol.~~ Leave in place the current CUP requirements for late night/outdoor bars, and for lower-impact neighborhood bars, establish a graduated scale that allows such establishments in more intense zones, and then requires MUP's or CUP's in medium intensity and low-intensity zones, respectively.
