                  Postponement Request by Staff

\*\*\*\*\*

Staff requests a postponement of the above-referenced rezoning case from the January 28, 2020 Planning Commission hearing to the February 25, 2020 hearing date.

There has been a significant transportation redesign per ATD and other departments to modify the driveway accessing South Lamar Boulevard. ATD needs additional time to evaluate and prepare an updated TIA memorandum.
