

**MEXICAN AMERICAN CULTURAL CENTER ADVISORY BOARD
RECOMMENDATION NUMBER: (20191204-0C5) Phase II**

Date: January 21, 2020

Subject: Support for the Construction Manager at Risk Project Delivery Method for the Emma S. Barrientos Mexican American Cultural Center (ESB-MACC) Phase 2 Expansion

Motioned By: David Goujon

Seconded By: Endi Silva

Recommendation

The Emma S. Barrientos Mexican American Cultural Center (ESB-MACC) Advisory Board (the Board) voted to unanimously support the Construction Manager at Risk project delivery method for the Phase 2 Expansion during its December 4, 2019 regularly scheduled meeting.

Description of Recommendation to Council

- The ESB-MACC Advisory Board has created a Phase 2 Working Group (the working group) which is tasked with gathering information regarding the ESB-MACC's planned expansion. The working group provides a monthly report to the board for discussion and possible action on items that strengthen our ability to advise Austin City Council members on the Phase 2 expansion process.
- The Phase 2 Working Group welcomes the positive and collaborative environment created by staff at the Parks and Recreation Department and Public Works Department. Through these meetings, the Working Group has learned and agree that the best project delivery method for the ESB-MACC Phase 2 expansion is through a Construction Manager at Risk process.

Vote 8-0
