

ZONING CHANGE REVIEW SHEET

CASE: C14-2019-0053 – 2106 Payne

DISTRICT: 7

ZONING FROM: SF-3-NP

TO: NO-MU-NP, as amended

ADDRESS: 2106 Payne Avenue

SITE AREA: 0.1626 acres

PROPERTY OWNER/AGENT:

ARCH Properties Inc (Daniel McFarland)

CASE MANAGER: Kate Clark (512-974-1237, kate.clark@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends Neighborhood Office – Mixed Use – Neighborhood Plan (NO-MU-NP) combining district zoning. *For a summary of the basis of staff's recommendation, see page 3.*

PLANNING COMMISSION ACTION / RECOMMENDATION:

December 10, 2019	Approved staff's recommendation of NO-MU-NP. Vote 10-1. [G. Anderson, P. Seeger – 2nd] C. Llanes-Pulido voted nay, C. Hempel and P. Howard were off the dais.
November 12, 2019	Approved postponement by Planning Commission to December 10, 2019. Vote 11-0. [A. Azhar, C. Kenny – 2 nd] R. Schneider was off the dais.
June 11, 2019	Approved indefinite postponement request by applicant. Vote 13-0. [C. Kenny, A. Azhar -2 nd].
May 14, 2019	Approved postponement request by applicant to June 11, 2019. Vote 13-0. [J. Shieh, Kenny – 2 nd].

CITY COUNCIL ACTION:

February 20, 2020	Scheduled for City Council.
January 23, 2020	Approved Planning Commission recommendation of NO-MU-NP on the consent agenda for 1 st reading only. Vote 9-0. [A. Kitchen, A. Alter – 2 nd]. J. Flannigan was off the dais, S. Adler was absent.

- December 5, 2019 Approved postponement request by staff to January 23, 2020. Vote 11-0. [P. Ellis, L. Pool – 2nd].
- June 20, 2019 Approved indefinite postponement request by applicant. Vote 11-0. [L. Pool, N. Harper-Madison – 2nd].
- June 6, 2019 Approved postponement request by staff to June 20, 2019. Vote 10-0. [J. Flannigan, S. Renteria – 2nd]. N. Harper-Madison was off the dais.

ORDINANCE NUMBER:

ISSUES

This rezoning case is accompanied by a neighborhood plan amendment (NPA) case number NPA-2017-0018.01, requesting a change from Single Family to Mixed Use/Office. A community meeting was held as a part of the NPA process. After the community meeting the Brentwood Neighborhood Plan Contact Team sent a letter opposing the NPA change as well as the rezoning case citing issues with existing office uses at the corner of Payne Avenue and Burnet Lane. In addition to this letter, staff has received some neighborhood correspondence in favor and in objection to the rezoning case. For all received comments, see *Exhibit C: Correspondence Received*.

On June 7, 2019, the applicant's agent at the time (Drenner Group) sent a note to staff stating for mutual reasons they were no longer authorized to represent the owner. At that time, the applicant requested an indefinite postponement in order determine how best to proceed with both the rezoning and NPA cases.

On October 9, 2019, the applicant amended their request for rezoning to be neighborhood office – mixed use – neighborhood plan (NO-MU-NP) combining district instead of limited office – mixed use – neighborhood plan (LO-MU-NP) combining district. After hearing the concerns of the surrounding neighborhood, they agreed that a NO base zoning district would work for their intended use and would fit better within the existing zoning pattern, see *Exhibit D: Applicant's Request to Amend Zoning District*.

On January 21, 2020, a petition opposing the rezoning of this property was submitted. An updated copy of the petition area and properties within that area is included in *Exhibit E: Neighborhood Petition*. This case was heard for 1st reading only on January 23, 2020. The applicant and neighborhood group have agreed for this case to come back to be heard at Council on February 20, 2020. This time allows for both groups to continue conversations and reach an agreement through a private restrictive covenant.

CASE MANAGER COMMENTS:

This property is approximately 0.16 acres (approximately 7,000 square feet) in size and located on the north side of Payne Avenue. There is an existing single-family structure on the property

that the applicant would like to convert into a small office for their company. The site has relatively little topography and is not within a floodplain area.

Adjacent to the west is a property zoned LO-MU-NP combining district containing an office use within a single-family building. Directly north and adjacent to the property is a large lot zoned general commercial – mixed use – conditional overlay – neighborhood plan (CS-MU-CO-NP) combining district. This property fronts onto and accessed from Burnet Lane and consists of a warehouse-type structure that houses a carpet cleaning company. Adjacent to the east of the property and southeast across Payne Avenue are family residence – neighborhood plan (SF-3-NP) combined district zoned properties with single-family residences. Across Payne Avenue to the south are two properties zoned LO-MU-NP which contain a three-story office building and a one-story building being used for a personal services use (hair salon), see *Exhibit A: Zoning Map* and *Exhibit B: Aerial Map*.

BASIS OF RECOMMENDATION:

Staff recommends neighborhood office – mixed use – neighborhood plan (NO-MU-NP) combining district zoning.

1. *Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

The NO base zoning district is intended for offices predominately serving neighborhood or community needs, which may be located within or adjacent to residential neighborhoods. It is designed to accommodate small, single-use offices and to encourage and preserve compatibility with existing neighborhoods through renovation and modernization of existing structures. The applicant is planning to utilize the existing structure as a small office for their company. If in the future they decide to construct a new building, the NO and SF-3 zoning districts have similar site development standards in regard to building height and setbacks.

2. *The proposed zoning should promote consistency and orderly planning.*

This property is located on the periphery of the neighborhood between existing office and residential uses. Rezoning to NO-MU-NP would provide a transition in zoning from the existing SF-3-NP lots to the east and the LO-MU-NP lot to the west. It would also allow for the continuation of residential uses should the office use cease to exist in the future.

EXISTING ZONING AND LAND USES:

	Zoning	Land Uses
Site	SF-3-NP	Single family residence
North	CS-MU-CO-NP	Warehouse (carpet cleaner)
South	Payne Ave, then LO-MU-NP, SF-3-NP	Payne Ave, then office, single family

	Zoning	Land Uses
East	SF-3-NP	Single family residences
West	LO-MU-NP	Office

NEIGHBORHOOD PLANNING AREA: Brentwood/Highland Combined Neighborhood Planning Area (Brentwood)

TIA: is deferred until site plan.

WATERSHED: Shoal Creek

OVERLAYS: ADU Approximate Area Reduced Parking, Residential Design Standards

SCHOOLS: Brentwood Elementary, Lamar Middle School, McCallum High School

Payne Avenue	50 feet	30 feet	Collector	No	Yes, wide curb lane	Yes

OTHER STAFF COMMENTS:Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code (LDC). Zoning district impervious cover limits apply in the Urban Watershed classification. According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 square feet cumulative is exceeded, and on-site control for the two-year storm.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential. Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E: Design Standards and Mixed Use. Additional comments may be made when a site plan is submitted. Additional design regulations will be enforced at the time a site plan is submitted.

The site is subject to small lot compatibility standards due to adjacency to the SF-3-NP property to the east. The following standards apply:

- No structure may be built within 15 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.

- No structure in excess of three stories or 40 feet in height may be constructed between 50 feet and 100 feet of the property line.
- No parking is allowed within 5 feet.
- Landscaping or screening is required along the east property line in accordance with the screening requirements (Section 25-2-1006 and ECM 2.9.1.), Parking Design Standards (Section 25-6-563) and/or Screening Standards (Section 25.2.1066) to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from property in an SF-5 or more restrictive zoning district.

The site is subject to 25-2 Subchapter F. Residential Design and Compatibility Standards.

Transportation

Per Ordinance No. 20170302-077, off-site transportation improvements and mitigations may be required at the time of site plan application.

A traffic impact analysis (TIA) was not required at the time of rezoning because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day (LDC 25-6-113). Additionally, a neighborhood traffic analysis (NTA) was also not required at this time because the traffic generated by the proposed zoning did not exceed the threshold of 300 vehicle trips per day (LDC 25-6-114). At the time of submittal of any site plan on the property, a TIA or NTA may be required if the proposed development or uses on the property exceed code requirements. Payne Avenue requires 56 feet of right-of-way in accordance with the transportation criteria manual (TCM). Additional right-of-way may be required at the time of subdivision and/or site plan submittal.

According to the Austin 2014 Bicycle Plan approved by Austin City Council in November 2014, a bike lane is recommended for Payne Avenue. Mike Schofield, Bicycle Program, Austin Transportation Department may provide additional comments and requirements for right-of-way dedication and bicycle facility construction in accordance with LDC 25-6-55 and LDC 25-6-101.

The existing driveway accessing Payne Avenue will be required to be removed and reconstructed at the time of the site plan application in accordance with the Land Development Code and Transportation Criteria Manual. Sidewalks shall be construction along Payne Avenue at the time of the site plan application in accordance with the LDC and TCM.

Austin Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the

land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit

Maureen Meredith

City of Austin

Neighborhood Planning

RE: NPA-2017-0018.01_2106 Payne Avenue

Hello Maureen,

Upon review of the presentation by the applicant the Neighborhood Contact Team would like to formally oppose the requested change to the Neighborhood Plan for the following reasons:

1. Payne avenue suffers from overflow parking that disrupts the single-family residents and reduces their quality of life. This overflow parking often blocks driveways, and creates a safety hazard.
2. Current businesses at the intersection of Payne Avenue and Burnet Lane operate during non-business hours, with delivery and trash trucks often arriving at night, disrupting residential uses.
3. Further encroachment of commercial uses along Payne avenue and into the single-family neighborhood will only exacerbate the problems noted above.
4. The requested zoning would allow the development of the single-family lot into a large single-family home, that ignores compatibility setbacks, only to have the use changed at a later date. (example of this is directly across the street from the subject tract).

If the Planning Commission decides to ignore the Neighborhood's request to deny this "up zoning", then we request that they consider some conditional requirements:

1. Restrict access to the property, upon redevelopment, to Burnet Lane(no access to Payne avenue), to help mitigate the traffic on Payne Avenue.
2. Comply with all required Compatibility Requirements and be denied all waivers.
3. Require new Single-Family development to comply with Compatibility Requirements for commercial uses, since the "change of use" post development process seems to be the method preferred.
4. Restrict time of delivery and trash pick-up to regular business hours.
5. Provide sidewalks along Payne Avenue, upon any redevelopment or change of use.

Sincerely,

Travis G. Young, AIA

Chair

Thank you, my comments are below:

Case Number: NPA-2017-0018.01

I am opposed to the requested neighborhood plan amendment. The proposal will allow commercial enterprises to replace residential homes in the block of Payne closest to Burnet Lane.

Payne is a through-street for the neighborhood to Burnet Lane/Burnet Road, which causes it to carry heavy traffic. The driveways are single car-width and, therefore, the street usually has cars parked in front of most of the houses. Add in the increased parking due to the new restaurants/shops/apartments on Burnet Road near the intersection with Payne and we have seen a huge increase in parking issues. I have had to ask people who were going to a free food event at El Chilito not to block access to my driveway, and they protested that they were only over a small portion of my driveway.

There are many locations for mixed use properties and/or businesses on Burnet Road and general vicinity along major streets in this area so I can't understand allowing businesses to come into a residential area that is already brimming with the stresses of increased development.

Charlotte Spencer, Property Owner of 2019 Payne Ave

Ms. Meredith,

I received notice of an application for a neighborhood plan amendment, case number NPA-2017-0018.01, as a nearby property owner. The notice tells me that I will be notified of public hearings on this matter.

Is attendance in person at a public hearing the only way to communicate my views on this potential change? Attending a meeting may not be possible and I want to give my input on the application.

Thank you,

Charlotte Spencer

Subject: 2106 Payne Avenue - Case No. NAP-2017-0018.01

Ms. Meredith,

I have heard that the owner of 2106 Payne Avenue is once again requesting a code change to Mixed Use/Office. The Case Number is: NAP-2017-0018.01. We have not received anything in the mail or any notice of this change or opportunity to protest. This neighborhood is already overcrowded and has too much traffic because of the Marq on Burnet and other developments on Burnet Road and throughout the neighborhood. The street parallel to Burnet Road, Burnet Lane, is dangerously overcrowded and barely navigable. A lot of people walk their dogs and children in this neighborhood, and the addition of more traffic is going to create a dangerous mix. I urge you to reject this application. Thank you for your consideration.

Subject: Case Number: C14-2019-0053

Mr. Grantham,

I received notice of the application for rezoning of a nearby home located at 2106 Payne, and request that the zoning change be denied. My property is 2019 Payne Ave.

The primary problem with changing the property from SF-3-NP to LO-MU-NP is the limited capacity of the area to absorb greater traffic that a business, especially the type allowed as 'Mixed Use,' will add to the already very busy street.

Our old neighborhood has single-width driveways, so many residents' cars are already parked on the street, limiting the traffic flow for cars, walkers and bicyclers. Payne Ave. is an access street out of the neighborhood to Burnet, which adds significantly to its traffic load. Payne Ave. ends at Burnet Lane, not Burnet Road, at an intersection that is small with some limited visibility due to utility boxes on the northeast corner.

We are located near elementary and middle schools and there are a lot of kids in the neighborhood who walk, ride bikes and play outside. Many schoolchildren walk or bike on Laird to Romeria to get to the middle-school at Romeria and Burnet Road, further complicating the situation. Laird is the north-south cross street between my house and the house requesting the change. The stop is 2 way on Payne. Laird bends just south of the intersection and some people drive so quickly that it can be treacherous to go through the intersection.

This neighborhood is seeing a great deal of growth, with many of the older homes being replaced with duplexes and multi-family homes, resulting in more vehicles and people being on our streets.

In the interest of safety in the neighborhood for everyone, cars, pedestrians, etc., I request that the residences remain residences.

Thank you for your consideration,

Charlotte Spencer

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: We will be out of town on the hearing date or would have attended in person. There are already two other businesses on this small section of street, which is Residential. Their employees and customers already take up all the street parking and regularly use our driveway and lawn to turn around or park temporarily causing property damage. I'm deeply concerned about my property value if we are surrounded by commercial businesses. Allowing 3 out of 10 lots on this street to become commercial is inappropriate for a residential neighbor. I strongly object.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Subject: Neighbor comment on NPA-2017-0018.01 - Support

*** External Email - Exercise Caution ***

Hello Maureen,

Thank you for the notice of intent to change the land use designation for the specified property (2106 Payne Avenue) rezoning from single family detached to Mixed Use/Office. (Zoning Case C14-2019-0053)

I am writing to support the planned land use change. I believe the character of the block that the property is located on is more than suited to an increase in use, and that the use will be in character with the neighborhood. The change in use is certainly in line with the Imagine Austin Comprehensive plan for a compact and connected community. I believe the whole block would support increased use, and further support increased use and moderate priced-housing opportunities possible from mixed use land use, though recognize that is not what the applicant proposes here. I believe in the threat posed by climate change, and understand that redevelopment in areas that already have infrastructure, activity and public services nearby like transit, such as this site has, is the most important and effective locally-controlled effort we can support to reduce carbon emission rates of increase.

Please accept this letter of support and refer it to the case, as appropriate.
If you should require further comment or wish to discuss, please do not hesitate to reach out.

Thanks for your time,
David

Re: Burnet Lane-Neighborhood Plan Amendment Application for a 0.16 acre piece of property located at 2106 Payne Avenue case# C14-2019-0053. Amend request from SF-3-NP : LO-MU-NP to SF-3-NP : NO-MU-NP.

Dear Kate Clark,

The owner of the above stated property requests that our prior rezoning application be adjusted. Please amend the rezoning request in case C14-2019-0053 to have 2106 Payne Avenue categorized as Neighborhood Office - Mixed Use. The changing of the request from LO to NO is based directly on city staff recommendation and hearing the concerns of neighbors. With the NO designation, the owner intends to use 2106 Payne for a real estate office.

Please let us know if you or your team members require additional information or have any questions. Thank you for your time and help with this change.

Sincerely,
ARCH Properties Team

PETITION

Date: January 16, 2020

File Number: C14-2019-0053

Address of Rezoning Request: 2106 Payne

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than SF-3-NP.

The best use of this property is a single-family/duplex residential use as the Brentwood Neighborhood FLUM indicates. This property is not located on a major or minor arterial but a neighborhood street. Rezoning would encroach into the residential area of Brentwood Neighborhood.

Total Square Footage of Buffer: 202457.3311

Percentage of Square Footage Owned by Petitioners Within Buffer: 18.53%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.
