DESIGN COMMISSION RECOMMENDATION 20200127-03A

Date: February 13, 2020

Subject: Design Commission recommendation for the City of Austin Marshalling Yard project located at 904 US Highway 183 South.

Motioned By: Bart Whatley

Seconded By: Evan Taniguchi

Amendment 01: Beau Frail

Amendment 02: Melissa Henao-Robledo

Amendment 03: Josue Meiners

Recommendation:

The City of Austin Design Commission recommends approval of the City of Austin Marshalling Yard project, located at 904 US Highway 183 South, as presented on January 27, 2020 with the three amendments listed below.

Rationale:

This letter is to confirm the Design Commission's recommendation of the City of Austin Marshalling Yard project, as presented to the body on January 27, with the following amendments:

1. Recommend that the design team and City Project Manager contact the Art in Public Places program staff about how to better engage the planned hike and bike trail with public art instead of building façade.
2. Recommend the design team reviews the pedestrian circulation through the site. Priority has been given to vehicles, but the drivers of those vehicles must be able to safely get to the waiting areas.
3. Recommend that the City Project Manager, and design team, engage the adjacent neighborhood about how to better provide them with connectivity to the future hike and bike trail.

Respectfully,
City of Austin Design Commission
