Yes, Vincent. It seems that most of the merchants I've heard from are on board. I can't attend the hearing, but feel free to read my emails noting that all my objections have been addressed, and that we are now fine with the school on South Congress.

Best of luck!

Patti, for tonight's hearing, is the SC Merchants association final position neutral on this zoning change? I would like to forward this to our case manager. Rob mentioned he was in support and was intending to send his notice letter into the staff as in favor for Guero's Taco Bar. Thanks again.
