

## MEMORANDUM

**FROM:** Lucia Athens, Chief Sustainability Officer

**DATE:** July 1, 2020

**SUBJECT:     Deadline Extension for Response to Resolution 20200220-047, Texas Gas Service Feasibility Study**

---

Climate Program Manager Zach Baumer has been working to advise Texas Gas Service on a feasibility study regarding the use of biomethane and measures to reduce natural gas leaks. At this time, Texas Gas Service reports that the feasibility study will not be complete until the end of July. The Office of Sustainability Staff will provide an update when the study is completed.
