

Planning Commission Q & A Report July 28, 2020

B-8. Rezoning: C14-2020-0062 - Webberville; District 1

Question Commissioner Shaw:

What was the extent of notification to the neighborhood and were there any responses? Did applicant meet with neighbors?

Response:

This case received all of the regular notification- property owners, utility customers, and registered community groups in a 500-foot radius.

Based on my conversations with the agent, the agent says that he has reached out several times but has not ever had a reply from the neighborhood contact. The agent stated that he first contacted the neighborhood group 45 days ago. There have been no meetings.
