

COMMISSION RECOMMENDATION

Asian American Quality of Life Advisory Commission

Recommendation Number (20200722-03b): Support the UT School of Nursing grant application to boost community immunity through a culturally focused self-management support program to manage chronic diseases.

Subject: Support the UT School of Nursing grant application to boost community immunity through a culturally focused self-management support program to manage chronic diseases.

Description of Recommendation

WHEREAS, the University of Texas is submitting a “Lone Star Prize” application to develop a scalable chronic disease self-management program, and

WHEREAS, the proposed program targets racial, linguistic and social minorities, and

WHEREAS, the program takes advantage of health technologies, combining powerful automated solutions with personalized support from nurse/community health worker (CHW) teams.

NOW, THEREFORE:

BE IT RESOLVED BY THE ASIAN AMERICAN QUALITY OF LIFE ADVISORY COMMISSION:

Support the UT School of Nursing grant application to boost community immunity through a culturally focused self-management support program to manage chronic diseases

Date of Approval: July 22, 2020
