

**HUMAN ANIMAL
SUPPORT SERVICES**
by AMERICAN PETS ALIVE!

THE HASS MODEL

The new journey for stray pets

FINDING A STRAY ANIMAL

A direct shelter hotline would be created where residents are connected to a trained operator who will get you DISTRICT SPECIFIC assistance with trapping, triage, microchip scanning, and transport. Intake testing, vaccinations, and behavior assessments will be provided by DISTRICT SPECIFIC stations throughout Central Texas.

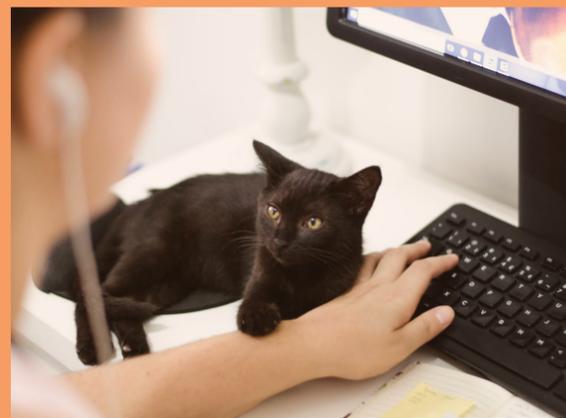

- TRAPRS
- Austin Lost and Found
- Pawboost

EMPOWERING THE COMMUNITY

The vast network of fosters, volunteers, and adopters will be given resources, training, and support for short/long term fostering. Tele - health services will be available for pet owners considering surrender, foster caregivers and finders of pets who may be sick or injured. Residents can reach the organization quickly and easily using remote technologies like text, phone and web chats.

- StayatHomeandFoster.org
- Central Texas Food Bank
- Maddie's University
- FearFreeHappyHomes.com
- Free Spay/Neuter clinics throughout Central Texas

VIRTUAL ADOPTIONS

Getting animals healthy and into forever homes is already happening online! Using the latest technological tools, marketing, foster placement teams, and matchmaking services will allow for every animal to go into a home that they deserve.

EMERGENCY MEDICAL NEEDS

Pregnant, injured, neonatal, wounded, and senior animals will be getting direct intake priority.

Collaboration. Solutions. Now.
