

MEMORANDUM

TO: Mayor and Council Members

FROM: Rey Arellano, Assistant City Manager

DATE: August 27, 2020

SUBJECT: Clarification of August 27, 2020 Council Agenda Item #38 Regarding Interlocal Agreement with Integral Care

The purpose of this memorandum is to provide clarification regarding [Item #38](#) on your [August 27, 2020 Regular Meeting Agenda](#), which authorizes the negotiation and execution of an interlocal agreement with Austin-Travis County Mental Health and Mental Retardation Center d/b/a Integral Care to provide staff to assist the Austin Police Department with handling 9-1-1 calls for mental health emergencies.

Staff received a request to clarify a statement contained in the Recommendation for Action: *Neither the City nor Integral Care is entitled to any compensation in exchange for providing these services.*

This interlocal agreement will not provide for either party to receive additional remuneration for the parking, workstation spaces, or employee services provided. This agreement also will not affect any other interlocal agreement between the City and Integral Care, through which the City provides remuneration to Integral Care in exchange for services.

As staff engages Integral Care in contract negotiations, they will ensure language that clarifies that neither party will receive remuneration for the aforementioned services is incorporated into the Interlocal Agreement.
