The Asian American Resource Center is a Texas nonprofit corporation committed to improving the quality of life of Asian Americans in Austin through research, programming, and services. The goal of the health navigator program is to provide community health system navigation services for members of linguistically isolated Asian American (AA) immigrant groups. These services will promote self-management of health and wellness through the clinical community links that enable culturally and contextually relevant care. The program will serve the three most linguistically-isolated communities of AA's (Vietnamese, Korean, Burmese) by providing health care system navigation services, including facilitating enrollment in the Affordable Healthcare Act, and Medicare and Medicaid.

Strategic Outcome(s):

Health and Environment.
