I move that the state legislative agenda be amended to include the following two new agenda items:

In the HEALTH & PROSPERITY section of the agenda:

- Support legislation and funding to increase compensation, including Medicaid reimbursement, for home health aides, community attendants, direct support professionals, and direct care workforce in institutional settings.

In the PUBLIC SAFETY section of the agenda:

- Support legislation and funding to allow qualified medical and mental health professionals to safely perform related duties currently restricted to law enforcement officers, including the authority to detain and transfer an individual believed to have a mental illness and who is a substantial risk of serious harm to themselves or others.
