

RESOURCE MANAGEMENT COMMISSION RECOMMENDATION 20200617-003

Date: June 17, 2020

Subject: Recommendation of Resource Management Commission on Distributed Community Solar Installations

Motioned By: Vice Chair White

Seconded By: Commissioner Tom Smith

Recommendation

The Commission Recommends that Austin Energy issue a Request for Proposals that allows a developer to select host sites for Distributed Community Solar Installations.

Description of Recommendation to Council

The Commission recommends that Austin Energy issue a Request for Proposals that allows a developer to select host sites for distributed community solar installations. The Commission further recommends minimum qualifications and preferred criteria for project selection as well as criteria for the energy user side of the program.
