Section 1: Applicant Statement

Street Address: 3708 Robinson Avenue

Subdivision Legal Description:

University Park Subdivision

Lot(s): 26 Block(s): 2

Outlot: 29 Division: C

Zoning District: SF-3

I/We Joel Nolan / Nolan Studio on behalf of myself/ourselves as
authorized agent for Sarah Haynie affirm that on
Month October, Day 7, Year 2020, hereby apply for a hearing before the
Board of Adjustment for consideration to (select appropriate option below):

☒ Erect ☐ Attach ☐ Complete ☐ Remodel ☐ Maintain ☐ Other: _____

Type of Structure: Accessory Dwelling Unit

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

I am requesting a variance from the Land Development Code Section 25-2-774 Two Family Residential Use for a SF-3-NP residential property for the requirement of the ADU to be at least 10' to the rear or side of the principal structure be changed to allow for the existing 6'-7 5/8" to remain.

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

Building an accessory dwelling unit between the 10' offset and 5' side-yard setback results in an 8'-8 3/4" outside to outside / 7'-5" interior wide ADU and a limitation of 278.5 SF of buildable ground floor area.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

The location of the existing house and protected tree on the site, and inability to connect a driveway to the existing detached garage structure due to impervious cover limitations on this lot.

b) The hardship is not general to the area in which the property is located because:

The location of the detached garage and protected tree is unique to this lot.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The new ADU will not extend beyond any side or rear yard setbacks or be tall enough to breach the Subchapter F Tent limitations. We are only asking to build a new ADU that keeps the existing distance between the house and storage building as-is.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

OVERVIEW OF REQUEST

Land Development Code 25-2-774 Two Family Residential Use

C2a. The second dwelling unit must be located at least 10' to the rear or side of the principal structure

C2b. The second dwelling unit must be above a detached garage

Approval of this request would allow for the remodel & addition of an existing detached storage building:

1. To remain in its current location, closer than the required 10' offset from the principal structure
2. Allow for the new ADU to be built on the ground floor, not above a detached garage as required by the code above.

-
- Existing Lot Size: **6,471 sf**
 - Existing Impervious Cover: **42%**
 - Proposed Impervious Cover: **40%**

-
- Maximum size of new Accessory Dwelling Unit: **970 sf.**

The maximum size of an ADU to 1,100 square feet or **0.15 FAR** whichever is smaller

- Proposed size of new Accessory Dwelling Unit: **+/- 800 sf**
