Thanks, Vince. I am going to keep it on the agenda as a postponement just in case, and I would like a cut sheet and revised window schedule to approve. Thanks for all your help with this. I know this was not as easy as we expected!

\*\*\* External Email - Exercise Caution \*\*\*

Steve,  
I spoke with the Owner today and they are going to replace the windows (sash and jambs, exg trim to remain) with wood to match per my previous email. I have requested that they retain at least one window for each type on site as a record, etc. Avalon will be the fabricator. Type A and Type B windows to be new Andersen, I do not have a cut sheet yet.

Please let me know what I need to do for you by way of documentation, such as revising the window schedule.

Regards,  
Vince
