Ms. Sirwaitis,

I am writing to you to ask for a postponement of the hearing of Case Number C14-2020-0111 on November 17, 2020, by the Zoning and Platting Commission, until December 15, 2020, or later.

With Covid 19 cases growing daily, our neighborhood has not had the opportunity to discuss with each other this rezoning and the impact it would have upon our single-family neighborhood. In the event of a possible lockdown, this would place any chance of discussion in the future, until Covid 19 has been contained.

Furthermore, I would like to see the plans for the proposed rezoning for a daycare and apartment complex at the church, including the number of units, the parking layout, and a traffic impact study if there is one. Again, with the Covid 19 virus, this is most likely not doable until the virus has been contained.

Last, with the runoff of candidates for City Council slated in December, I feel this issue should be heard after the first of the year, when the council members are in place and have the time to consider this fully. To do otherwise, would be imprudent to say the least.

Thank you for taking the time to consider my request, and I look forward to hearing from you on this matter.

Sincerely,

Marcia Spillers
