

Lady Bird Lake - Canterbury at Mildred Street and Utility Repair Subproject - 10613.007

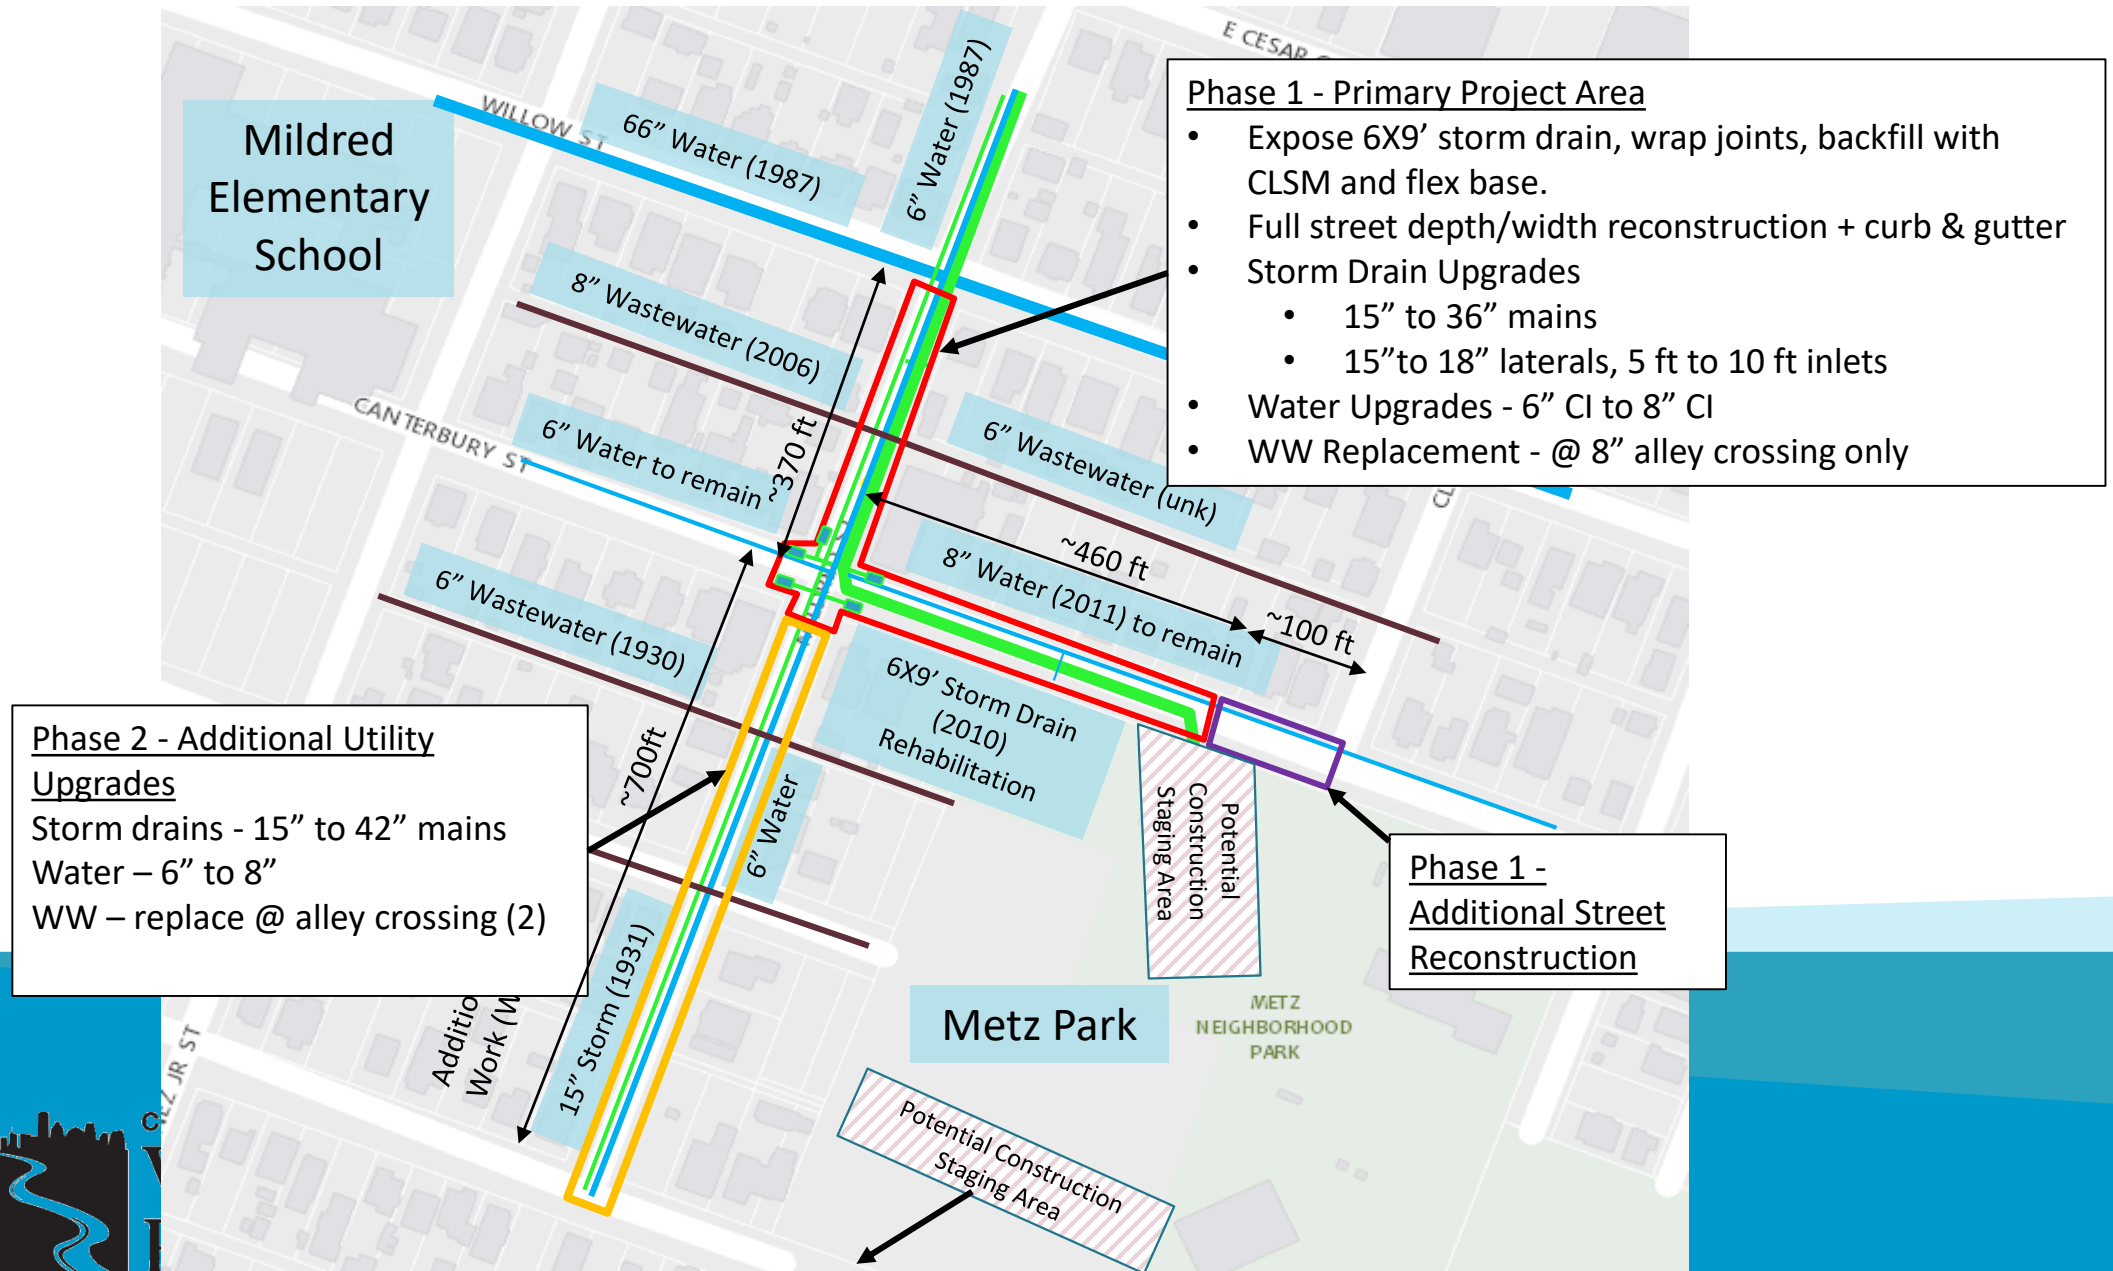

Parks and Recreation Board - LFPC

Location Map

Canterbury-Mildred Project Scope of Work

Problem Description

- July 7, 2020 Austin Water (AW) had a waterline break on the block of Mildred St between Canterbury St and Willow St.
- This incident resulted in failure and collapse of the street at break location along with differential settling of pavement along a 6'x9' storm drain box constructed in 2010
- AW made repairs to sinkholes with backfill and cold mix to stabilize the roadway
- Segments of both Canterbury and Mildred Streets require mitigation to achieve permanent stabilization of the roadways
