**Additional Backup Information:**

These contracts will provide cleaning and disinfection services to support over 330 City owned facilities and City owned vehicles on a routine and as-needed basis to protect the health and safety of the public and City employees.

These contracts incorporate recommendations provided by the Center for Disease Control, the World Health Organization, the Environmental Protection Agency, and the Occupational Safety and Health Administration. While information and data on the COVID-19 virus is being introduced and published on an almost daily basis, these contracts follow recommendations regarding the most effective cleaning, disinfecting, and controls, including the protection of employee health and safety, and follow the most recently published best practices and guidance. Cleaning and disinfection services are needed for 40 City departments so awarding multiple contractors ensures there are no delays to responding to City requests for cleaning services and is essential to the City's COVID-19 response and reintegration efforts.

These are new contracts with no guaranteed amounts of usage. The requested authorization amount is based on departmental estimates for anticipated needs of routine and one-time services. S E Packages Inc. D/B/A Tres Mujeres is a women owned business and Majestic Services Inc. is a women and minority owned business, both certified with the City's Small and Minority Business Resources Department and Alee LLC D/B/A Alee Commercial Cleaning Solutions is a State of Texas HUB certified minority owned small business.

If these contracts are not secured, the City will have to perform spot purchases in order to secure cleaning and disinfecting services per current guidelines potentially resulting in higher prices and longer wait times for service.
