# Turner's Crossing North Phase 2 Location Map

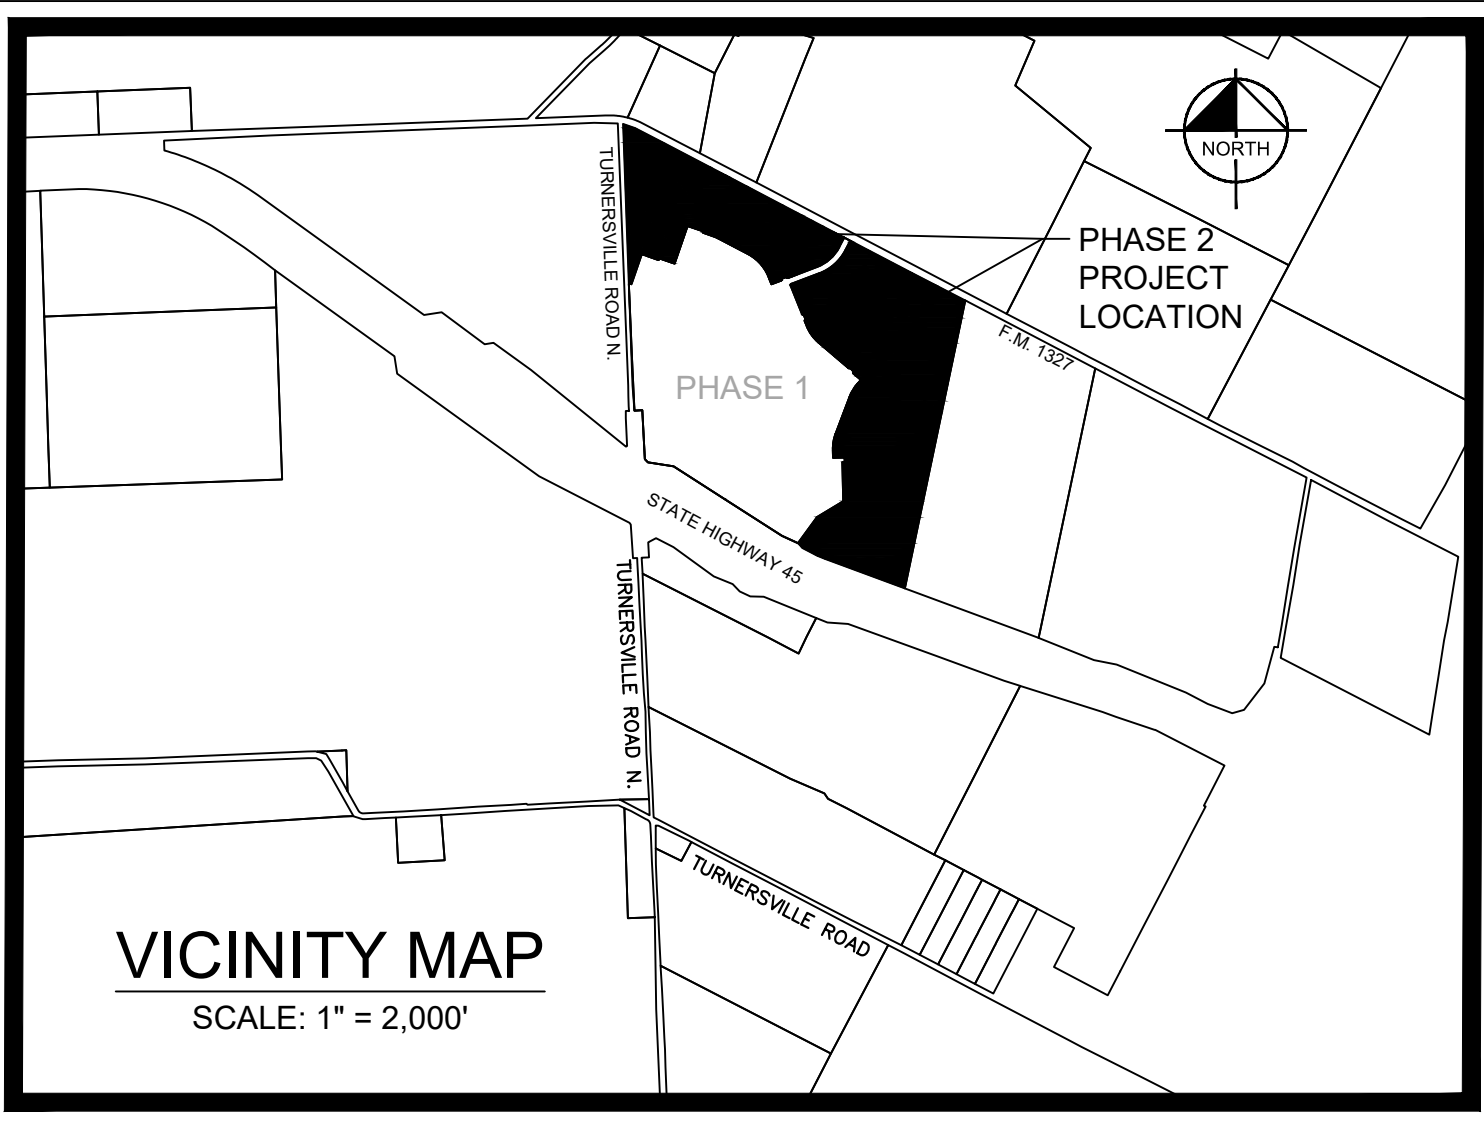

# TRAVIS COUNTY CONSUMER PROTECTION NOTICE FOR HOMEBUYERS

IF YOU ARE BUYING A LOT OR HOME, YOU SHOULD DETERMINE WHETHER IT IS INSIDE OR OUTSIDE THE CITY LIMITS.

THIS CAN AFFECT THE ENJOYMENT AND VALUE OF YOUR HOME. DEPENDING ON STATE LAW AND OTHER FACTORS, LAND OUTSIDE THE CITY LIMITS MAY BE SUBJECT TO FEWER LOCAL GOVERNMENT CONTROLS OVER THE DEVELOPMENT AND USE OF LAND THAN INSIDE THE CITY LIMITS.

THE SUBDIVISION'S RESTRICTIVE COVENANTS MAY CREATE PRIVATELY ENFORCEABLE RESTRICTIONS AGAINST INCOMPATIBLE LAND USES WITHIN THE SUBDIVISION, WHETHER IT IS INSIDE OR OUTSIDE THE CITY LIMITS.

DEPENDING ON STATE LAW AND OTHER FACTORS, HOWEVER, OUTSIDE THE CITY LIMITS NEITHER PRIVATE NOR GOVERNMENTAL RESTRICTIONS MAY BE AVAILABLE TO (1) RESTRICT EITHER THE NATURE OR EXTENT OF DEVELOPMENT NEAR THE SUBDIVISION, OR (2) PROHIBIT LAND USES NEAR THE SUBDIVISION THAT ARE INCOMPATIBLE WITH A RESIDENTIAL NEIGHBORHOOD.

The State of Texas       §  
County of Travis       §

I, the undersigned, a Registered Professional Engineer in the State of Texas, hereby certify that proper engineering consideration has been given this plat. Plat complies with all Travis County Subdivision Regulations.

Engineered by: 

Jacob Kondo, P.E.  
Registered professional engineer no. 115813  
Kimley-Horn and Associates, Inc.  
10814 Jollyville Road  
Avallon IV, Suite 200  
Austin, Texas 78759

General Notes:

- This subdivision is located within City of Austin's 2-mile extra territorial jurisdiction (ETJ).
- Water and wastewater service for Turner's Crossing will be provided by the City of Austin.
- The water and wastewater utility system serving this subdivision must be in accordance with the City of Austin design criteria. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the city inspection fee with the utility construction.
- All streets, driveways, sidewalks, water, wastewater, and storm sewer lines shall be constructed in compliance with the City of Austin and Travis County standards.
- Electric service will be provided by Pedernales Electric Cooperative, Inc.
- No objects, including but not limited to, buildings, fences, or landscaping shall be allowed in a drainage easement except as approved by the City of Austin and Travis County.
- Property owner and/or his/her assigns shall provide for access to the drainage easement as may be necessary and shall not prohibit access by the City of Austin and Travis County for inspection or maintenance of said easement.
- All drainage easements on private property shall be maintained by the owner and/or his/her assigns.
- Drainage plans shall be submitted to the City of Austin and Travis County for review prior to site development. Rainfall run-off shall be held to the amount existing at undeveloped status by ponding or other approved methods.
- Public sidewalks, built to City of Austin standards, are required along all streets. These sidewalks shall be in place prior to the lot being occupied. Failure to construct the required sidewalks may result in the withholding of certificates of occupancy, building permits, utility connections by the governing body or utility company.
- Prior to the recording of any final plat of all or a portion of these construction plans, fiscal security shall be provided in accordance with sec 30-1-132 of the land development code for the following improvements:
  - Street construction and related infrastructure, including paving, drainage, sidewalks, water supply and wastewater collection for the following street:
  - Environmental and safety controls, and other related items (e.g., erosion and sedimentation controls, restoration, channel work, pipe in easements, detention, water quality ponds, etc.) as determined prior to final plat approval. The restoration cost estimate will be based on disturbed areas including all streets shown in this preliminary plan.
- A 15' public utility easement is hereby reserved adjacent to all street right-of-way.
- Erosion / sedimentation controls are required for all construction of each lot, including single-family and duplex construction, pursuant to LDC and the Environmental Criteria Manual.
- Water quality controls are required for all development with impervious cover in excess of 20% of the net site area of each lot, pursuant to LDC and the environmental criteria manual.
- No lot shall be occupied until the structure is connected to the City of Austin water and wastewater utility system.
- This site is not over the Edwards Aquifer Recharge Zone.
- The disturbed areas within this project shall be revegetated and all permanent erosion/sedimentation controls completed prior to the release of fiscal surety for that phase. Temporary erosion/sedimentation controls shall be adjusted as needed prior to this release to ensure that subsequent phase disturbed areas are adequately covered. Any area within the limit of disturbance of the project which is not adequately revegetated shall be brought into compliance prior to the release of the final phase.
- There are several known CEF's on or within 150 feet of this property.
- Roadway design shall comply with the City of Austin and Travis County design standards.
- Roads/driveways/pavement/parking within the easement should be built to handle the weight of the condor (80,000 lbs) to ensure safety.
- Fire hydrants must be located out of the transmission easement and a minimum of 20 feet from any transmission structure.
- Sprinklers are prohibited within 15 feet of transmission poles.
- Owner may not place, erect, construct or maintain within the electric transmission easement: any permanent structures, including, but not limited to habitable structures such as homes, mobile homes, garages, or offices, any structure of any kind in such proximity to the electric transmission or distribution lines, poles, structures, towers, or appurtenant facilities as would constitute a violation of the national electric safety code in effect at the time the structure is erected, nor any structures, including but not limited to, fences, storage sheds, drainage, filtration or detention ponds which would impair Austin Energy's access to the transmission easements or its lines, poles, structures, towers or appurtenant facilities in the easements. No trees shall be planted with a mature height of greater than 15 feet within the Electric Transmission Easement. No Trees shall be planted within 25 feet of the base of a transmission structure. Vehicular access for Austin Energy trucks and equipment is to be maintained at all times within the easement. Austin Energy will not be responsible for damages and/or removal of vegetation within the easement.

General Notes Continued on Sheet 6

Control Notes:

- The bearings, distances, areas and coordinates shown hereon are Texas State Coordinate System GRID, Central Zone (FIPS 4203) (NAD'83), as determined by the Global Positioning System (GPS). The unit of linear measurement is U.S. Survey Feet.
- All lot corners are monumented with a 1/2-inch iron rod with a plastic cap stamped "KHA" after construction and prior to lot sales.

Commissioners Court Resolution

In approving this plat, the Commissioners Court of Travis County, Texas, assumes no obligation to build the streets, roads, and other public thoroughfares shown on this plat or any bridges or culverts in connection therewith. The building of all streets, roads, and other public thoroughfares shown on this plat, and all bridges and culverts necessary to be constructed or placed in such streets, roads, or other public thoroughfares or in connection therewith, is the responsibility of the owner and/or developer of the tract of land covered by this plat in accordance with plans and specifications prescribed by the Commissioners Court of Travis County, Texas.

The owner(s) of the subdivision shall construct the subdivision's street and drainage improvements (the "improvements") to County standards in order for the County to accept the public improvements for maintenance or to release fiscal security posted to secure private improvements. To secure this obligation, the owner(s) must post fiscal security with the County in the amount of the estimated cost of improvements. The owner(s) obligation to construct the improvement to County standards and to post the fiscal security to secure such construction is a continuing obligation binding the owner(s) and their successors and assigns until the public improvements have been accepted for maintenance by the County, or the private improvements have been constructed and are performing to County standards.

The authorization of this plat by the Commissioners Court for filing or the subsequent acceptance for maintenance by Travis County, Texas, of roads and streets in the subdivision does not obligate the County to install street name signs or erect traffic control signs, such as speed limit, stop signs, and yield signs, which is considered to be part of the developer's construction.

THE STATE OF TEXAS       §  
COUNTY OF TRAVIS       §

General Notes Continued:

24. Parkland fees will be satisfied prior to final plat approval.
25. Parkland dedication is required per Title 30-2-213, as amended, prior to approval of a final plat in this subdivision. The area to be dedicated for private park purposes is shown on this plat as Lot 1, Block L and Lot 78, Block H. Lot 25, Block D will be developed as a private amenity center lot under separate site plan application.
26. Access is prohibited to SH45.
27. Within a sight distance easement any obstruction of sight line by vegetation, fencing, earthwork, buildings, signs or any other object which is determined to cause a traffic hazard is prohibited and may be removed by order of the Travis County commissioners' court at the owner's expense. The property owner is to maintain an unobstructed view corridor within the bounds of such easement at all times.
28. Waterway setbacks as defined by the Land Development Code may be located on this property. Development is limited within waterway setbacks.
29. The CEF buffer must be maintained per City of Austin code and criteria. Existing drainage and native vegetation shall remain undisturbed to allow the water quality function of the buffer. Inspection and maintenance must occur semi-annually, and records must be kept for 3 years. Construction is prohibited; and wastewater disposal or irrigation is prohibited. No tracked vehicles are permitted within the CEF buffer.
30. A Travis County Site Development Permit is required prior to any site development.
31. Drainage and lateral support easements to the limit shown on this plat are hereby dedicated to the public for the construction, maintenance, and the right to place earthen fill for drainage and lateral support for public roadways on this plat. Property owners may use their property within these easements only in those ways that are consistent with the construction, installation and maintenance of the drainage and lateral support easements dedicated herein. Property owners may do nothing that would impair, damage or destroy the drainage and lateral support easements. Travis County and its successors and assigns have the right to use so much of the surface of the property within the easements as may be reasonably necessary to construct, install and maintain drainage and lateral support facilities within the easement.
32. The owner of this subdivision, and his or her successors and assigns, assumes responsibility for plans for construction of subdivision improvements which comply with applicable codes and requirements of the City of Austin. The owner understands and acknowledges that plat vacation or replatting may be required, at the owner's sole expense, of plans to construct the subdivision do not comply with such codes and requirements.
33. The subdivision plat was approved and recorded before the construction and acceptance of streets and other subdivision improvements. Pursuant to the terms of a subdivision Construction Agreement between the subdivider and the City of Austin, Dated \_\_\_\_\_, 20\_\_\_\_, the subdivider is responsible for the construction of all streets and facilities needed to serve the lots within the subdivision. This responsibility may be assigned in accordance with the terms of that agreement. For the Construction Agreement pertaining to this subdivision, see the separate instrument recorded in Doc# \_\_\_\_\_, in the Official Public Records of Travis County, Texas.
34. Slopes in excess of 15% exist on Lots 20-22 of Block A; 7 of Block K; and 62-65 of Block H. Construction on slopes is limited per the Land Development Code.
35. Impervious cover will be limited to 55% on these Lots [20-22 of Block A; 7 of Block K; 65 of H] and 45% on Lots [62-64 of Block H].
36. No residential structure shall be constructed within 50 feet of the water quality and detention facilities within this development.
37. A Travis County driveway permit will be required as part of the future development permit application.
38. All lots in this subdivision are restricted to one single family residence per lot.
39. Travis County development permit is required prior to site development.
40. No objects, including but not limited to, buildings, fences, or landscaping shall be allowed in a drainage easement except as approved by Travis County (and other appropriate jurisdiction).
41. All drainage easements on private property shall be maintained by the owner and/or his/her assigns.
41. Property owner and/or his/her assigns shall provide for access to the drainage easement as may be necessary and shall not prohibit access by Travis County for inspection or maintenance of said easement.
42. In approving this plat, the Commissioners Court of Travis County, Texas, assumes no obligation to build the streets, roads, and other public thoroughfares shown on this plat or any bridges or culverts in connection therewith. The building of all streets, roads, and other public thoroughfares shown on this plat, and all bridges and culverts necessary to be constructed or placed in such streets, roads, or other public thoroughfares or in connection therewith, is the responsibility of the owner and/or developer of the tract of land covered by this plat in accordance with plans and specifications prescribed by the Commissioners Court of Travis County, Texas.

The Owner(s) of the Subdivision shall construct the Subdivision's street and drainage improvements (the "Improvements") to County Standards in order for the County to accept the public Improvements for maintenance or to release fiscal security posted to secure private improvements. To secure this obligation, the Owner(s) must post fiscal security with the County in the amount of the estimated cost of the Improvements. The Owner(s)' obligation to construct the Improvements to County Standards and to post the fiscal security to secure such construction is a continuing obligation binding on the Owners and their successors and assigns until the public Improvements have been accepted for maintenance by the County, or the private Improvements have been constructed and are performing to County Standards.

The authorization of this plat by the Commissioners Court for filing or the subsequent acceptance for maintenance by Travis County, Texas, of roads and streets in the subdivision does not obligate the County to install street name signs or erect traffic control signs, such as speed limit, stop signs, and yield signs, which is considered to be a part of the developer's construction.
