City of Austin  
Animal Advisory Commission  
David Lundstedt, Chair

Dear Commission,

I have read the bill that would provide funding for wildlife rescue and rehabilitation that is being discussed tonight at the December 17, 2020 meeting. Austin Wildlife Rescue supports the approval of this bill. We appreciate the support from the Commission so we can continue to help wildlife in the Austin area. Additional funding such as this would offset the cost of care for the growing number of animals brought to our facility by Austin Animal Protection.

Sincerely,
