City of Austin Local Historic District Tax Abatement

To encourage preservation and maintenance of the architectural character of local historic districts, the City makes available property tax abatements to the owners of contributing and potentially contributing properties who have completed substantial rehabilitation or restoration projects. The program abates 100% of the city property taxes assessed on the added value of a property that results from the rehabilitation or restoration project for a designated number of years. Improvements must comply with the local historic district's preservation plan.

ABATEMENT AVAILABLE BY PROPERTY TYPE:

Category of property	Ownership type	Required minimum expenditure	Minimum % that must be spent on exterior improvements	Amount of abatement	Duration of abatement	Frequency abatement may be granted
Residential	Owner occupied	Equal to 25% of pre-restoration value* of structure	5%	100% of the city taxes assessed on the added value of the property	7 years	Once every 10 years
Residential located within Revitalization Area**	Owner occupied	Equal to 10% of pre-restoration value * of structure	5%	100% of the city taxes assessed on the added value of the property	10 years	Once every 15 years
Commercial	Income-producing property	Equal to 40% of pre-restoration value * of structure	5%	100% of the city taxes assessed on the added value of the property	10 years	Once every 15 years
Commercial located within Revitalization Area**	Income-producing property	Equal to 30% of pre-restoration value * of structure	5%	100% of the city taxes assessed on the added value of the property	10 years	Once every 15 years

*Pre-restoration value means the most recent appraisal of the value of the property by the appraisal district before an application is submitted for abatement.

**Revitalization Area is the area bounded by Interstate 35 from Manor Road to Riverside Drive, Riverside Drive from Interstate 35 to Highway 71, Highway 71 from Riverside Drive to Highway 183, Highway 183 from Highway 71 to Manor Road, and Manor Road from Highway 183 to Interstate 35.

APPLICATION PROCESS:

The program involves a three (3) step application process that requires approval by the Historic Landmark Commission and the Historic Preservation Office. Approval of Part I is required prior to starting any work.

Part I – Application for Certification of Eligibility

Upon submission of a complete application for Certificate of Eligibility, including an application for a Certificate of Appropriateness, the case will be placed on the next Historic Landmark Commission (HLC) agenda for review. Incomplete applications will not be forwarded to the HLC for action.

Deadline for application: first day of the month prior to Historic Landmark Commission meeting.

Part II – Verification of completed work and review of expenditures

Upon completion of the work, issuance of a certificate of occupancy, and submission of the Application for Verification, the Historic Preservation Officer will inspect the property to ensure the

work complies with the approved Certificate of Eligibility and Certificate of Appropriateness. The Historic Preservation Officer will also review the record of expenditures and receipts to determine the eligibility of all expenditures. If the verification is approved by the Historic Preservation Officer, a Certificate of Verification will be issued to the property owner and forwarded to the Travis County Appraisal District.

Deadline for completion of work: a certificate of occupancy must be obtained within 2 years after the date the Certificate of Eligibility is approved.

Part III – Annual application to Travis County Appraisal District

Property owners must submit an annual request to the Travis County Appraisal District to receive the abatement.

The tax abatement goes into effect the first day of the first tax year after verification is obtained.

ELIGIBLE EXPENSES: Per 11-1-63 (6) of City Code, only work for which a certificate of appropriateness or City permit is required is included in determining whether the proposed work exceeds the specified percentage of pre-restoration value.

FREQUENTLY ASKED QUESTIONS:

1. How do I know if my property is in a local historic district?

Properties located within a local historic district have an “HD” in their zoning classification (e.g. SF-3-HD-NP). You can determine your property’s zoning classification by searching for the property address on the City of Austin’s internet GIS viewer (<http://www.austintexas.gov/GIS/developmentwebmap/Viewer.aspx>), or by visiting the City’s Historic Preservation Office web site at <http://www.austintexas.gov/department/historic-preservation>.

2. What is a “contributing” property?

Historic districts are comprised of two types of properties, contributing and non-contributing. Broadly defined, a contributing property is any structure built during the district’s period of significance that adds to the historical integrity or architectural qualities that make a historic district significant. In general, contributing properties are integral parts of the historic context and character of a historic district. Properties are classified as contributing or non-contributing as part of the process of adopting the local historic district zoning overlay. You can determine if your property is a contributing building by visiting the City’s Historic Preservation Office (CHPO) web site at <http://www.austintexas.gov/department/local-historic-districts>, or by contacting the CHPO at 512-974-2727.

3. If my property is not a contributing building in the district, am I eligible to receive the Local Historic District tax abatement?

Yes, if your property is at least 50 years old, and would be “contributing” to the district if not for non-historic alterations. If the improvements you propose remove the non-historic architectural features, or restore original features and bring your property to contributing status for the district, and the project meets other requirements of the program, you may be eligible to receive the rehabilitation tax abatement.

4. What guidelines are used to determine if the work I propose is appropriate?

All work must comply with the Preservation Plan and Design Standards adopted for the local historic district in which the property is located and all work must be approved by the Historic Landmark Commission. The Standards for each Local Historic District can be found on the City of Austin’s Historic Preservation Office web site.

5. If I sell my property, can the new owner receive the abatement?

The abatement is transferred to new owners within the allowed duration period, however new owners are required to submit a request to the Travis County Appraisal District annually to receive the abatement.

6. What if I have completed my rehabilitation work prior to submitting my application?

Abatements can not be applied to expenditures made prior to approval of the Certificate of Eligibility.

7. Can I appeal a denial of the Certification of Eligibility or Certificate of Verification?

If the Historic Landmark Commission determines your project is not eligible for abatement you may appeal the decision to the Planning Commission. To appeal you must file a written request with the Historic Preservation Office not later than the 30th day after the date written notice of the decision is provided to you. On appeal, the Planning Commission shall consider only whether the Historic Landmark Commission erred in determining your project not eligible for the abatement under Section 11-1-63 of the City ordinance.
