Subdivision Legal Description:

I/We Claudia Alejandra Salguero on behalf of myself/ourselves as
authorized agent for Santech Sign affirm that on
Month September, Day 14, Year 2020, hereby apply for a hearing before the
Board of Adjustment for consideration to (select appropriate option below):

☐ Erect ☐ Attach ☐ Complete ☐ Remodel ☐ Maintain ☐ Other: _____

Type of Sign: 2 illuminated wall signs and 2 illuminated projecting signs

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

§ 25-10-133 - UNIVERSITY NEIGHBORHOOD OVERLAY ZONING DISTRICT SIGNS.

(H)A sign may not be illuminated or contain electronic images or moving parts.

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. In order to grant your request for a variance, the Board must first make one or more of the findings described under 1, 2, and 3 below; the Board must then make the finding described in item 4 below. If the Board cannot make the required findings, it cannot approve a sign variance.

Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

I contend that my entitlement to the requested variance is based on the following findings:

1. The variance is necessary because strict enforcement of the Article prohibits any reasonable opportunity to provide adequate signs on the site, considering the unique features of the site such as dimensions, landscaping, or topography, because:

This business is located in a high traffic part of downtown. Drivers and pedestrian need to be able to easily find this business at night time especially because this is a pharmacy. An illuminated sign will not only benefit this business to be able to have the opportunity to have a successful future, but it will also benefit potential customers while trying to find this pharmacy. If the customers are able to see the signs ahead they will easily be able to locate it while driving or walking.

—OR—

2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:

n/a

—OR—

3. The granting of this variance will not substantially conflict with the stated purposes of this sign ordinance, because:

AND,

4. Granting a variance would not provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated, because:

without an illuminated sign, a freestanding sign or a roof sign customers will have an extremely hard time trying to locate this pharmacy. This is a very high traffic area especially at night time, and seeing ahead the illuminated signs will give the customers time ahead to make the necessary arrangements to get to the pharmacy in the safest way as possible while walking or driving.
