

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend**. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.austintexas.gov/devservices.

Written comments must be submitted to the contact person listed on the notice before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice. All comments received will become part of the public record of this case.

Comments: I completely agree with BCNA's response to this variance request and I own, and live in, an adjacent property. I also would like to point out that my property is misrepresented as "for/don't care" in Meyer's neighborhood canvas. I did not provide him with a response.

Hello,

I am a neighbor of the proposed two builds at
703 and 705 Fletcher Ave 78704

I am in favor of the requested variance for the builder. I am writing to allow the builder the
variance they are requesting for their builds.

Please let me know if you have any questions.

Thank you,
Maria Lucchese

RF

Good morning Elaine,

As a courtesy for our neighbors, I am forwarding 4 responses to the variance requested for Case Numbers C15-2021-0001 and C15-201-0002. Others will be emailing their thoughts to you directly.

To my knowledge, the neighbors on this street are in favor of granting the request. Some felt they had made their preference known to the developer John Meyer, when he walked the neighborhood, and that was enough. However, when I looked at the official responses online at the COA website today, I noticed that only neighbors who are not affected by the building because they live on another street, had responded in the negative. And the BCNA, without bringing it to the membership or asking neighbors, decided to oppose.

As neighbors to the lots, we have lived with truly terrible houses and poorly maintained lots for many years. We look forward to the improvement and look of homes that can be built, especially if the variance is approved.

I would like to point out that in general I have been in favor of and appreciative of the general protections the McMansion Envelope has provided to neighbors and neighborhoods around Austin. However, especially in this neighborhood, we see way too many builders circumvent this ordinance by building 3 story skinny houses that are not nearly as livable as wider homes, and this type of build is particularly not in keeping with the surrounding homes. This builder is making a fair request based on the unusually skinny nature of the lots.

John Meyer is doing a good job of trying to build responsibly and beautifully. As neighbors most impacted by these new homes, we respectfully request that you grant the variance request.

Please include the 4 responses to each request attached to this email and confirm receipt.

Most appreciatively,

Ruth Framel and Brett Framel

Hello Paul,

I saw your response to me from the SC meeting.

I was not aware there was a meeting with our project on the agenda for the General Association in December. My understanding from our meeting on 11/13 was that we didn't have enough time to meet all the deadlines for the SC meeting and then the GA meeting in time to be on the December GA meeting. I understood that we would not be eligible for a General Association meeting until the 1st one in 2021, which I had in my notes as the 2nd Tuesday in March. I remember our talking about how that would push us out until the April BOA meeting if we tried to wait for that meeting before presenting to the BOA. As I recall you'd asked me what our hurry was.

As I recall my response was that we have to continue to pay interest and make a living, and that would be quite a long delay. You'd commented that at least interest rates were low right now.

At any rate, I wish I had known our project could have been on the General Assembly meeting agenda in December. I feel like the general assembly could have benefitted from the same presentation we plan to present to the BOA.

Regards,
 John Meyer, President

John we're going to be discussing that tonight as we're going to go to quarterly rather than bi-monthly meetings. Probably be the last month in each quarter, so it would be March 9. Why are you asking? The General Association voted on your Fletcher Street Properties at our December 8 Meeting and we advised the BOA of that decision.

John, the Steering Committee voted to oppose your request to pierce the McMansion Envelop on the two 35' lots you own on Fletcher. We feel there a precedent issue involved and not a true hardship. Two narrow 6,849 SF lots owned by the same individual allow for multiple design options.
 Please advise any questions.

JM

Hello Paul,

This email was sent out after the postponement of the BOA meeting on 1/11. We had attempted one more time to reach out to the BCNA organization

Is there any chance you could call a adhoc meeting for the General Association prior to the 2/8 BOA meeting? We'd like to show the neighborhood group the details of our variance request. We feel like the impact to the neighbors is practically nil since we are only asking for the variances on the side of the houses that face each other. We are not asking for any variance (other than the lot width) for the side of the houses that face neighbors' houses. We've spoken to quite a few in the neighborhood and have received very positive feedback, especially from several of the abutting neighbors.

Regards,

John Meyer, President

John we're going to be discussing that tonight as we're going to go to quarterly rather than bi-monthly meetings. Probably be the last month in each quarter, so it would be March 9. Why are you asking? The General Association voted on your Fletcher Street Properties at our December 8 Meeting and we advised the BOA of that decision.

Hello Paul

Can you please confirm when the next general association meeting for the BCNA is?

Thank you

John, the Steering Committee voted to oppose your request to pierce the McMansion Envelop on the two 35' lots you own on Fletcher. We feel there a precedent issue involved and not a true hardship. Two narrow 6,849 SF lots owned by the same individual allow for multiple design options.
Please advise any questions.

Thanks John. The SC will be meeting Monday and I'll get back to you after they have voted.

Hello Paul,

I hope all is well.

I've attached the cover letter we included to the CoA with our applications for the variances for the 2 lots at 703 and 705 Fletcher. I thought it might be useful in your Steering Committee meeting next week. Please feel free to use it or not as you like.

Regards,

John Meyer, President

No. It's a simple case and not hard to understand. I don't know what you or your architect could personally add that would clarify the issue further.

Will we be attending the SC meeting to present our case?

Thanks,
John Meyer, President

John, we have enough information based on your submission to make a recommendation to the Steering Committee. Once they meet and vote, I'll advise you of the SC's decision.

John, once I have them, I will schedule a meeting. As I told you, we don't meet unless we have an applicant ask to meet with us and have all the background, we require to understand the situation and the "ask". When we meet, we start our meetings at 7:00.

Please understand, we are a volunteer organization and as such often have competing commitments. Also, we have not been meeting much this year due to the Covid and the LDC rewrite. I'm not going to tell them to keep their schedules open until I have something to show them.

Hello Paul,

Our architect should have some massing models to go along with the floor plates for illustrations for Monday. What time is the meeting scheduled?

Thanks

Hello Paul,

Would there be a time on Friday or Monday we could get together for a short meeting about these lots? I could come to your office or we could meet at our architects in one of their meeting rooms on E 7th St.

The Steering Committee meets monthly and the Zoning Committee meets Monthly when we have an applicant that wants to contact us. Due to the LDC Rewrite, which is presently on hold, we have not had many meetings this calendar year. The GA will meet the 2nd Tuesday in December and quarterly in 2021. The SC has had their November Meeting and I'm not calling the Zoning Committee together until we have a genuine need. All meetings are being held virtually via Zoom.

Hello Paul,

My apologies for not replying sooner. We are meeting with the architect tomorrow to see/discuss some potential ideas for working with these two lots. I should be able to get with you soon after that - hopefully this week. How often does the Zoning Committee and BCNA Steering Committee meet? Also, how long do you put it out to the general association for a vote? We're working on a preliminary timeline and trying to get a sense of the process.

John the process is that the developer communicates with the Zoning Committee who makes a recommendation to the BCNA Steering Committee who then votes on that recommendation which then goes to the general association for a vote. Please communicate directly with me as I am chair of the ZC.

On November 3, 2020, at 8:26 AM, John Meyer <[REDACTED]> wrote:

Hello All,

We are planning to develop the lots at 703 and 705 Fletcher. Each lot will have a new single family home built on it. However there are some issues. Currently each lot is only 35' wide and the minimum lot width requirement in Austin is 50'. Therefore we'll need to obtain a variance. I'd like to discuss some potential options related to the variance and would like to meet with the neighborhood group.

Would it be possible to have a preliminary conversation with the group, or a steering committee or a sector rep? I'm not sure if we've found the latest contact info related this particular neighborhood group. So, if not, please accept our apologies. If you wouldn't mind to forward this email on the appropriate person (or let me know who might be a better contact), I'd really appreciate it.

I can be reached at the number below as well.
