English (United States)

## COVID-19 Vaccine Scheduling

Message last updated: 6:19 PM CST

We will be releasing 4,000 first dose appointments today, March 1.

Scheduling for first dose COVID-19 vaccines has not begun for today. When scheduling opens, you will randomly be assigned a place in line. **Being in line does not guarantee an appointment.**

The event will begin at: 6:30 PM CST

*Sample of queuing system screen*

# Mobile Vaccine

## Mobile Vaccine Program

- At-home referrals
- Identified additional homebound seniors through the APH registration assistance line

## Long Term Care Update:

- CVS and Walgreens have provided vaccination to over 11,000 staff and residents at 107 facilities

# Thank you
