EXISTING ZONING: ETJ

PROPOSED DEVELOPMENT:

Note: This hearing was continued from March 16, 2021 to allow time for discussions between the applicant and adjacent property owners.

The applicant is requesting a three-year extension to a previously approved site plan. The approved site plan includes the construction of six new hotel/motel units, and six buildings accessory to personal improvement services. All of the occupiable buildings have been completed along with the water quality and drainage detention facilities. The applicant is seeking to continue the project to preserve options for corrections and/or revisions to the approved site plan to accommodate potential increases in the capacity of the facility.

The project was originally set to expire on December 19, 2019. Staff approved a one year extension to December 19, 2020 and the Mayor's orders with regard to pandemic response extended the approval to December 31, 2021.

SUMMARY STAFF RECOMMENDATION:

Staff recommends approval to extend this site plan permit by three years, from December 31, 2021 to December 31, 2024 based on LDC Section 25-5-62(C)(1)(c) (code sections provided below). The applicant has provided a letter explaining details of the construction completed thus far; this letter is included in this backup.

25-5-63(C) Extension of released site plan by the Land Use Commission: "the Land Use Commission may extend the expiration date of a released site plan beyond the date established by this chapter if the Land Use Commission determines that the request complies with the requirements for extension by the director under 25-5-62 (*Extension of Released Site Plan by Director*)."

25-5-62(C) The director may extend the expiration date of a released administrative site plan one time for a period of one year if the director determines that there is good cause for the requested extension; and

“ (1) the director determines that:

COA No.: SP-2015-0507D
CAI No. 706.0301

To Whom It May Concern:

This summary letter has been included for your review of the Travaasa Improvements Phase II Site Plan Extension application.

The property is located at 13500 FM 2769 Austin, Travis County, Texas. It is a designated part of the City of Austin's 2-Mile Extraterritorial Jurisdiction.

Site Plan Number SP-2015-0507D was approved on December 19, 2016. There are no public improvements associated with this site plan as the water and wastewater facilities are both on-site and privately owned and maintained. All occupiable structures associated with this site plan are complete. Water Quality and detention facilities are complete and have been accepted by the City of Austin. All permanent vegetation and permanent erosion control measures are established.

A previous One-Year Site Plan extension was submitted and approved resulting in a current expiration date of December 19, 2020.

The owner of this site is considering a revision to this site in the near future to construct villas, adding to the existing resort capacity and operations. On behalf of the current owner we respectfully request a 3-year extension be granted per Section 25-5-62 of the Land Development Code.

If you have any questions regarding this project, or should you require additional information to assist you in your review, please feel free to contact me at 327-2946.

Sincerely,

RE: Engineer's Summary Letter
Project Name: Travaasa Improvements Phase II
COA No.: SP-2015-0507D
CAI No. 706.0301

To Whom It May Concern:

This summary letter has been included for your review of the Travaasa Phase II Site Plan Extension application.

Travaasa is an existing luxury spa resort located at 13500 F.M. 2769 Rd. in northwest Travis County. The development was originally permitted, constructed and occupied under "The Crossings" (City of Austin SP-00-2286D) in 2001. This 202.709 acre tract is within the 2-mile ETJ of the City of Austin.

The site improvements proposed under this site plan consist of the construction of five buildings for personal improvement services, 5 lodging buildings along with associated drives, parking, water quality and detention facilities.

A previous Site Plan Extension request was granted resulting in a current expiration date of December 19, 2020. The owner intends to revise the current site plan to include additional lodges and respectfully requests an additional 3-year extension to allow time to develop their plans.

If you have any questions regarding this project, or should you require additional information to assist you in your review of this project, please contact me at 327-2946.

Sincerely,

CUNNINGHAM-ALLEN, INC.
