Recommendation

The Waller Creek Local Government Corporation (“LGC”) recommends that approval of a Conditional Use Permit for Waterloo Park by the Planning Commission.

Description of Recommendation

The LGC recommends that Planning Commission approve the proposed Parks Special Use of permitting alcohol consumption in designated areas of Waterloo Park, as applied for by the Parks and Recreation Department (PARC) in partnership with the Waterloo Greenway Conservancy.

Rationale:

The proposed Planning Commission action would allow for alcohol to be served and consumed during programming and events at the Moody Amphitheater in Waterloo Park and other limited food/beverage areas of the park, in compliance with all Texas Alcoholic Beverage Commission regulations.

Waterloo Park and Moody Amphitheater will be operated by the Waterloo Greenway Conservancy (WGC), a Texas non-profit whose mission is the create, operate, and maintain a chain of extraordinary urban parks around a restored Waller Creek as part of a public-private partnership with the City of Austin. PARC and WGC will be doing outreach to communicate with property owners, neighborhood entities and other stakeholders as part of this permit application.
