Current status: Active, New contract needed due to current contract running out of time.  
Contract execution date: 10/21/2015  
Contract expiration date: 10/20/2021

### 4. Notes/Other

**i** The purpose of this contract is to provide trucking services for the City of Austin, which comprise hauling and disposal of construction and excess materials for the City of Austin, Street & Bridge Division of Public Works; Watershed Protection Departments; and Austin Resource Recovery. The City requires trucking services to supplement the existing fleet of trucks. The services will be utilized on various rehabilitation and reconstruction projects to

haul construction materials (e.g., hot mix asphalt concrete, asphalt millings, rock, excess materials produced) within the limits of the City, and nearby areas.

This contract will assist ARR with hauling excess materials during heavy seasons as needed and promote the City of Austin's Zero Waste goals. Without this support, ARR may experience delays in collection of materials.

The drivers shall be licensed in accordance with State of Texas requirements. The Contractor shall comply with all Federal requirements for drug and alcohol testing for the operation of commercial vehicles. The trucks shall be licensed in accordance with all Federal and state requirements. The vehicles shall be operated in accordance with all state of Texas requirements for the operation of commercial vehicles.

The current contract expires October 20, 2021. This contract will allow City departments to continue utilizing trucking and hauling services. The requested authorization amount was determined using departmental estimates based on historical spend and future usage.
