ISSUES:

Due to the pandemic, the public's participation in the development of these recommendations has been limited. Staff held a virtual public information meeting on April 20, 2021 to provide general information and to answer questions. 23 people attended. Their questions and comments are included in Exhibit D.

BASIS OF RECOMMENDATION:

- The proposed amendments to the NCCD support the goals of the *Urban Renewal Plan for the East 11th and 12th Street Urban Renewal Area*, “Champion sustainable revitalization reflecting diversity, achieving equity, and preserving East Austin’s cultural history.”
- The segment of East 12th Street between IH-35 and Poquito Street is designated as an *Imagine Austin* Activity Corridor.

“Corridors are also characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices.”

The proposed changes to the NCCD will support East 12th Street’s evolution into a more complete Activity Corridor.

- Allowing denser mixed use development along East 12th Street and denser residential development supports the *Austin Strategic Housing Blueprint’s* goal of locating 75% of all new housing within ½ mile of an Activity Corridor.

- Funeral Services (1330 & 1410 E. 12th)
- Club or Lodge (1704 E. 12th)

- Cocktail Lounge (1808-1812 E. 12th)

Compatibility—The proposed NCCD amendments would waive compatibility standards that affect height and setbacks; however, general compatibility standards relating to noise, lighting, and placement of parking, trash, and mechanical equipment.

Exhibit D: Staff Responses to Questions Compiled from Public Information Meeting, SpeakUp Austin! Page, and Emails

1. Were there any uses removed from the permitted list on E. 12th Street?

Yes, the current NCCD relies on the base zoning and prohibits additional uses. The proposed uses has a table of permitted uses.

2. On the ft chart: how many stories is 50 ft?

3 to 4 stories depending on floor to ceiling heights.

3. Why is Rosewood allowed to build to 60' when homes on 11th street adjoin to those lots?

Current entitlement allow 60' in height along Rosewood.

4. Residential lots on Angelia are also adjacent to the Rosewood lots allowing 60' Height WHY???

Adjacent to Angelina, the base zoning allows 40 ft of height.

5. For East 12th street, when the FAR restrictions are removed, will the FAR still be set by the base zoning?

No, the recommendation is that there will be no FAR limits for properties within the 12th St NCCD.

6. With the growth of Austin, these small-scale solutions seem completely out of date. Why are we not making changes for more density? Why aren't we building more housing near the core, and fulfilling "compact and connected" Imagine Austin goal?

Both segments of East 12th Street and East 11th Street covered by NCCDs are Imagine Austin Activity Corridors. The regulations being proposed are in alignment with that designation. The URP and NCCDs permit and encourage a variety of housing types through the use regulations including townhouse, condominium and multifamily. Development standards are designed to allow new development that is compatible to the context. East 11th Street is intended to be a more robust commercial area; whereas East 12th Street is intended to become a more modestly scaled mixed use district.

7. Doesn't base zoning govern use on both 11th and 12th now? i.e., a use must be allowed by base zoning and also by the URP/NCCD use charts? On both streets?

Currently the 12th Street NCCD relies on a property's base zoning for uses and the 11th Street has a list of permitted/conditional uses by subdistrict. Additionally the URP included use regulations. The proposed NCCDs have a list of permitted, permitted with conditions and conditional uses and in some cases the use must also be allowed by the base zoning. The use table in the proposed URP mirror the regulations in the NCCD.

8. Driving on the side streets between East 11th and East 12th Street is a challenge due to parking on both sides of the street. Does the zoning address the possibility of changing some of the streets into one way streets?

This does not fall under zoning regulations.

9. Telephone poles blocking the entrance on 12th Street Properties for construction purposes they have to be lowered.

This does not fall under zoning regulations.

10. Does the zoning address Short Term Rental's on East 12th Street?

Short Term Rentals are not allowed within the East 12th St NCCD.

11. How could these changes be impacted by a future citywide LDC rewrite?

The land use regulations and development standards for the proposed Urban Renewal Plan (URP) amendments are contained in the East 11th Street and East 12th Street NCCDs. Under the recent code revision process, NCCDs were left unchanged. Additionally, because the URP supersedes the Land Development Code and NCCDs, those standards will remain in place until the plan is amended or expires.

12. What was the purpose behind the creation of subdistrict 4 within the 11th St NCCD? By reverting to the base zoning it seems that the section bordering Rosewood Ave is effectively being removed from the NCCD for all intents and purposes.

The NCCD refers to the properties within Subdistrict 4 to their base zoning standards. There are no additional regulations for subdistrict 4 within the proposed draft.

13. If we want East 12th to be walkable why aren't more uses being permitted so that people have a diversity of destinations close to where they live?

The uses on East 12th Street allow for a variety of shops, restaurants, and services. The use list was designed to create an active pedestrian-oriented street.

14. If there are carve outs to preserve existing businesses that are part of existing culture, should there not be carve outs for changes to zoning to help preserve historic structures to help preserve the character and history of the neighborhood?

There are properties in both NCCDs that have historic zoning which is the zoning tool to protect historic structures. There was community concern that allowing too many bars could adversely affect the area.

15. "In Subdistrict 1 and 2, height tailored to be compatible with adjacent properties outside the NCCD." Why not do this with subdistrict 4? 60' is significantly higher than the residential lots that border the adjacent properties on Angelina St.

The current proposal is that properties within subdistrict 4 are subject to their base zoning entitlements. Properties fronting Rosewood Avenue currently have a height maximum of 60 feet.

16. Does base zoning standards apply to the properties on Rosewood that allow the 60' height restriction?

Along the south side of Rosewood Avenue, base zoning allows 60' height. Height maximums are lower along the north side.

17. Can you share again please, in layman's terms, what the goal is of this meeting is and what is being proposed?

The public meeting on April 20th was held to give information and answer questions about the proposed changes. The proposed Urban Renewal Plan and NCCDs are being updated to modernize and align the regulations.

18. 12th and Chicon has maintained some long running and unique bars for the neighborhood. Any growth here has been severely restricted, is there a reason for that? (clarified: cocktail bars, or bars in general)

Limiting bars/cocktail lounges to existing locations was done to address community concerns that by not limiting them, there could be a surge of new bars locating to the area.

19. Were billboards considered in the land use standards?

Billboards are not considered as a part of rezoning. Regulations on billboards can be found in the sign chapter of the Land Development Code.

20. Is there any plan to bury the many unsightly power and telecommunications lines on E12th St?

Staff is not aware of any plans to bury utility lines.

21. Why are the heights not all the same? Why is height higher on North side?

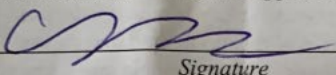

In the East 12th Street NCCD the heights reflect current entitlements. In the East 11th Street NCCD, heights have been applied based on the allowable height on adjacent parcels.

Re: E. 12th Street Urban Renewal Plan and Neighborhood Conservation Combining District

To Whom it May Concern

We are writing this letter and providing comments as the planning consultants for Eureka Holdings, property owners of several properties along East 12th Street.

As presented to the Urban Renewal Board in September of 2019, the vision for Eureka's property is as follows:

"Contributing to a Complete Neighborhood rooted in heritage. A place with exceptional public amenities and a vibrant cultural life, beloved by residents and visitors alike."

This dovetails with the vision set forth in the Urban Renewal Plan:

"Champion sustainable revitalization reflecting diversity, achieving equity, and preserving East Austin's cultural history."

To deliver on this vision, Eureka's plans include preserving architectural and cultural heritage and building capacity and connections for artists and small businesses. In addition, each intersection is envisioned to have a unique identity, some of which include the historic uses of cocktail lounges, clubs, and lounges.

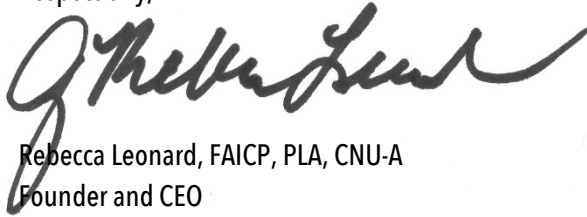

We support the objectives of this rezoning case, which we understand to be streamlining the two policies – the Urban Renewal Plan (URP) and two Neighborhood Conservation Combining Districts (NCCDs). Specifically, we support the following elements of the proposed changes in accomplishing this goal of clarity:

- The alignment of the Urban Renewal Plan (URP) and the Neighborhood Conservation Combining Districts (NCCDs) to eliminate all confusion regarding development standards and allowable uses.
- The removal of Floor-to-Area-Ratio (FAR) as a development standard and, instead, relying on the existing setback, height, and impervious cover requirements to set the building envelope.

We are concerned that through this process uses will be further restricted, particularly those uses that are rooted in the heritage of the area and contribute to exceptional public amenities and a vibrant cultural life. We support the continued operation of entertainment venues and cocktail lounges as an effort to preserve the arts, culture, and history of the area.

As stated above our team is in support of changes that can streamline the standards along 12th Street and provide more predictability for development that aligns with the goals of the multiple planning efforts that have been conducted in this community over the years. We hope that the Urban Renewal Board and the City Council will consider the cultural heritage of this neighborhood through this process.
