CASE: C14-2020-0143
12121 N. IH 35 Rezoning

DISTRICT: 1

ZONING FROM: GR-CO

TO: MF-4

ADDRESS: 12121 North IH 35 Northbound

SITE AREA: 11.845 acres

PROPERTY OWNER:
Dupius Investments, Ltd.
(Daniel McCormack)

AGENT:
John M. Joseph
(Coats Rose)

CASE MANAGER: Heather Chaffin (512-974-2122, heather.chaffin@austintexas.gov)

STAFF RECOMMENDATION:

Staff supports the Applicant's request for rezoning to MF-4.

For a summary of the basis of staff's recommendation, see case manager comments on page 2.

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:
June 1, 2021:

CITY COUNCIL ACTION:
TBD

ORDINANCE NUMBER:

ISSUES:

No issues at this time.

CASE MANAGER COMMENTS:

The subject property is located on the east side of IH 35 and is bounded by VFW Road to the north and Bowery Trail to the south. The undeveloped parcel is zoned GR-CO with the conditional overlay limiting the property to a maximum of 2,000 vehicle trips per day (v.p.d) and prohibiting numerous commercial land uses. These land uses are listed in the attached ordinance. ***Please see Exhibit C- Zoning Ordinance.*** Across VFW Road to the north is the VFW lodge which is zoned GO-CO. Also across the road are two multifamily developments that are zoned MF-3-CO. Immediately east and southeast of the rezoning tract is land zoned SF-6-CO that is developed with detached townhouse/condominium properties. Across Bowery Trail to the south is undeveloped land zoned GO. Across IH 35 to the west are commercial properties zoned LI, including headquarter offices of the Texas Council on Environmental Quality (TCEQ). ***Please see Exhibits A and B- Zoning Map and Aerial Exhibit.***

Staff supports the requested MF-4 zoning. MF-4 zoning is compatible with nearby multifamily and townhouse condominium properties. The applicant has stated their intent to construct approximately 330 market-rate apartments, providing additional housing opportunities in the area.

BASIS FOR RECOMMENDATION

1. *The proposed zoning should be consistent with the goals and objectives of the City Council.*
2. *Zoning should be consistent with approved and existing residential densities.*
3. *Granting of the request should result in an equal treatment of similarly situated properties.*

The addition of multifamily units at this location will increase housing opportunities and be consistent with nearby residential properties.

Staff has received correspondence in opposition to the rezoning request. ***Please see Exhibit D- Correspondence.***

ADDITIONAL STAFF COMMENTS:Comprehensive Planning

Connectivity: There are no public sidewalks located along this portion of the IH 35 service road or along the narrow rural road of VFW Road. Bowery Trail does have public sidewalks on both sides of the road, leading into a single-family subdivision. The closest public transit stop is located 0.70 of a mile northeast but has no public sidewalks to reach it. The mobility and connectivity options available in the area are below average. All trips would need to be done by a car.

Imagine Austin: The following Imagine Austin policies are applicable to this case:

- ☐ LUT P5. Create healthy and family-friendly communities through development that includes a mix of land uses and housing types and affords realistic opportunities for transit, bicycle, and pedestrian travel and provides both community gathering spaces, parks and safe outdoor play areas for children.
- ☐ LUT P7. Encourage infill and redevelopment opportunities that place residential, work, and retail land uses in proximity to each other to maximize walking, bicycling, and transit opportunities.
- ☐ HN P1. Distribute a variety of housing types throughout the City to expand the choices able to meet the financial and lifestyle needs of Austin's diverse population.

□ HN P10. Create complete neighborhoods across Austin that have a mix of housing types and land uses, affordable housing and transportation options, and access to healthy food, schools, retail, employment, community services, and parks and recreation options. Over the last decade, a number of developers have built large multifamily residential uses (senior living housing included) along the IH 35 service road to take advantage of the easy access onto IH 35. Multifamily complexes being located along IH-35 is not ideal because of the detrimental effects relating to pollution, noise, and the lack of connectivity and mobility options unless their residents have a car. Based on the Imagine Austin text and policies above, this project appears to partially support the policies due to the lack of connectivity and mobility options in the area.

Environmental

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code.
2. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

| <i>Development Classification</i> | <i>% of Gross Site Area</i> | <i>% of Gross Site Area with Transfers</i> |
|--|-----------------------------|--|
| Single-Family (minimum lot size 5750 sq. ft.) | 50% | 60% |
| Other Single-Family or Duplex | 55% | 60% |
| Multifamily | 60% | 70% |
| Commercial | 80% | 90% |

3. According to floodplain maps there is a floodplain within or adjacent to the project location.

Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.

4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
5. At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site.

Site Plan

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Parks & Recreation

PR1: Parkland dedication will be required for the new residential units proposed by this development, multifamily with MF-4 zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. There is currently a gap in the Walnut Creek Greenbelt south of Bowery Lane. The Parks and Recreation Department (PARC) would consider the offsite dedication of this section of

Walnut Creek, from the existing parkland to IH-35, toward satisfying the requirement at time of permitting (whether subdivision or site plan). Such a connection would improve parkland connectivity, and satisfy an acquisition need for Walnut Creek, a recommendation identified in the Parks and Recreation Department's Long Range Plan. Should there be any remaining fees in-lieu, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2). If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov.

Transportation

The Austin Strategic Mobility Plan (ASMP), adopted 04/11/2019, identifies sufficient right-of-way for VFW Road and Bowery Trail. Sufficient right-of-way for IH 35 is deferred to TxDOT. Traffic impact analysis was waived, TIA determination deferred until site plan, when land use and intensities will be finalized.

| Name | Existing ROW | ASMP Required ROW | Pavement | ASMP Classification | Sidewalks | Bicycle Route | Capital Metro (within ¼ mile) |
|---------------|--------------|-------------------|----------|---------------------|-----------|---------------|-------------------------------|
| IH 35 SVRD NB | 104' | Defer to TxDOT | 28' | 4 | No | Yes | Yes |
| VFW RD | 58' | Existing Row | 17' | 1 | No | No | Yes |
| BOWERY TRL | 75' | Existing Row | 40' | 1 | Yes | No | Yes |

Water Utility

AW1. The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. Based on current public infrastructure configurations this site is in an area with capacity concerns, and it appears that service extension requests (SER) will be required to provide service to this lot. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

TRACT 1**FIELD NOTE DESCRIPTION OF A
11.017 ACRE TRACT OF LAND OUT OF THE
SOLO STAR REALTY, INC. TRACT,
TRAVIS COUNTY, TEXAS**

BEING a 11.017 acre (479,881 square feet) tract of land situated in the J.A.G. Brooke Survey No. 79, Abstract No. 69, and the Louis Fritz Survey No. 291, Abstract No. 279, City of Austin, Travis County, Texas; also being a portion of that certain called 103.397 acre tract of land described in a Special Warranty Deed (With Vendor's Lien) to Solo Star Realty, Inc., executed October 14, 1993, and recorded in Volume 12056, Page 1563, of the Real Property Records of Travis County, Texas (R.P.R.T.C.T.); said 11.017 acre tract of land being more particularly described by metes and bounds as follows:

COMMENCING at a 1-inch iron pipe (Control Monument) found marking an interior corner of said 103.397 acre tract, same being the most southerly corner of a road (known as V.F.W. Road) dedicated in Plat Book 7, Page 143, of the Plat Records of Travis County, Texas (P.R.T.C.T.), and filed for record on February 21, 1956;

THENCE, North 59 degrees 50 minutes 00 seconds West, with the common southwesterly right-of-way (R.O.W.) line of said V.F.W. Road (a 60 foot wide R.O.W. at this location per said plat) and a northeasterly line of said 103.397 acre tract, a distance of 657.44 feet to a 1/2-inch iron rod with orange plastic cap stamped "Wallace Group" (hereafter referred to as "Wallace Group cap") set for the **POINT OF BEGINNING** and easternmost corner of the herein described tract of land, said point also being the beginning of a tangent curve to the right from which the radius point bears North 56 degrees 07 minutes 35 seconds West, at 445.77 feet;

THENCE, departing said common line, and crossing through the interior of said 103.397 acre tract, the following four (4) calls:

- 1) In a westerly direction, with said curve to the right, through a central angle of 71 degrees 25 minutes 26 seconds, an arc length of 555.69 feet, and a chord bearing and distance of South 69 degrees 35 minutes 08 seconds West - 520.40 feet to a calculated point for a corner of the herein described tract and being the end of said curve;
- 2) North 74 degrees 42 minutes 08 seconds West, a distance of 37.10 feet to a calculated point for a corner of the herein described tract;
- 3) South 12 degrees 17 minutes 53 seconds West, a distance of 51.88 feet to a calculated point for a corner of the herein described tract;

My wife and I are senior citizens in a small quiet neighborhood adjacent to the proposed rezoning area. We rely on our property values to help secure our retirement. If our property values are impacted, so is our retirement.

We have several other concerns in addition to decreased property values:

- Increased auto and people traffic to and from the apartments.
- Increased maintenance costs to repair or clean-up apartment-related issues.
- Increased crime from nearby high-density living conditions.
