Blake,

Please feel free to let the historic officer know our thoughts, if that is useful.

Again, thank you for your service, Blake.

Michael-

You are very welcome. It came before the Commission last evening and recognizing your last name I thought to reach out. The Commission did take the first step of initiating historic zoning, but we are basically asking for more information on the property. As you know, once these structures are gone there is no do over.

With your permission, I would like to pass this email string along to the appropriate person in the City's Historic Preservation office.

Yes, my partner Karen and I are doing well; hopefully your family is well also.

My regards-

Blake

am on the HLC and we are currently deliberating on a demolition

heritage. If yes, should it be saved.
