RE: 2210 Windsor Rd Proposed Remodel Modifications

Date: July 9, 2021

To Whom It May Concern,

I am the property owner of the house located 2208 Windsor Road in Austin, Texas which adjoins the southern property line of the subject property. I have reviewed and approved the proposed plans for the back side of the house which includes a free standing carport and a roof overhang over the back door.

As the adjoining neighbor, I am delighted that the subject home is being restored so as preserve the character of our neighborhood.
