Dear Commission Members,

I would like to state that I am In Favor of Relocation of the Dessau Lutheran Church to Pioneer Farms. There is not a better location for this historic church to assure its preservation and its related history of my German relatives who settled here in Central Texas. Its present location puts it at extreme risk of loss of this historical gem from increased surrounding development which will prevent its future relocation. Placement of this church, which was built by Frederick Kruger, at Pioneer Farms adds to his work located there.

I strongly urge you to approve this application as timely as possible in that this relocation project has been delayed for nearly three years which greatly continues to put this church at increased risk by remaining at the current site.

Thank you for consideration of my request.

Sincerely,

Nancy S. Weiss, PhD
