Subject: Winter 2019 Preservation Austin Grant Determination - Millet Opera House

Hello Ken,

I am pleased to inform you that our Grants Committee has approved your request of \$5,000 for architectural fees associated with restoration work to the Millet Opera House. Congratulations!

Grant funding is handled on a reimbursement basis. These funds will be disbursed within 30 days after proof of payment is received. Projects must be completed within one year of the grant award and we will check in with you on your progress in the coming months.

I've attached Preservation Austin's logo for use in your grant announcement online, through social media, or in print.

Thank you so much! We're very excited to support this project.
