Hello Kalan and Amber,

The owner of 3703 Meadowbank called a few moments ago to request a postponement for their hearing with HLC.

There has been extensive damage to the structure due to pipes bursting in February and they are waiting for a structural engineer to assess the damage. The plans under review currently are for an addition/remodel. The engineer's report may recommend complete demolition.

What is your advice moving forward?

Thanks,  
Linda
