Hi Elizabeth – thank you again for your helpful assistance on the zoom call today. We will proceed with the suggestions you made and would like to request a postponement of our AHLC appearance until the September 27 meeting. We will submit to you our final revised packet of drawings by September 20 and will not request another meeting with the Architectural Review Committee since they have already seen this general direction for our design solution.

Thank you very much. Let me know if you have any questions or need additional information.

Best always,
