- NOTES:
- No lot shall be occupied until the structure is connected to the City of Austin water and wastewater utility system.
  - The water and wastewater utility system serving this subdivision must be in accordance with the City of Austin utility design criteria. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction.
  - The landowner is responsible for providing the subdivision infrastructure, including the water and wastewater utility improvements.
  - Building Setback Lines shall be in conformance with the City of Austin Zoning ordinance requirements.
  - No buildings, fences, landscaping, or other obstructions are permitted in drainage easements except as approved by the City of Austin.
  - The owner of this subdivision, and his or her successors and assigns, assumes responsibility for plans for construction of subdivision improvements which comply with applicable codes and requirements of the City of Austin. The owner understands and acknowledges that plat vacation or replating may be required, at the owner's sole expense, if plans to construct this subdivision do not comply with such codes and requirements.
  - Prior to any development on any lot, a drainage plan must be submitted to and approved by the City of Austin.
  - All streets, drainage, sidewalks, erosion controls, and water and wastewater lines are required to be constructed and installed to City of Austin Standards.
  - Austin Energy has the right to cut and trim trees and shrubbery and remove obstructions to the extent necessary to keep the easements clear of obstructions. Austin Energy will perform all tree work in compliance with Chapter 25-8, Subchapter B of the City of Austin Land Development Code.
  - The owner/developer of this subdivision/lot may provide Austin Energy with any easement and/or access required for the installation and ongoing maintenance of overhead and underground electric facilities within or along the perimeter of this subdivision/lot. These easements/access are required to provide electric service to the buildings and will not be located as to cause the site to be out of compliance with the City of Austin Land Development Code.
  - The owner shall be responsible for installation of temporary erosion control, revegetation and tree protection. In addition, the owner shall be responsible for any initial pruning and tree removal that is within ten feet of the center line of the proposed overhead electrical facilities designed to provide electric service to this project. The owner shall include Austin Energy's work within the limits of construction for this project.
  - By approving this plat, the City of Austin assumes no obligation to construct any infrastructure in connection with this subdivision. Any subdivision infrastructure required for the development of the lots in this subdivision is the responsibility of the developer and/or the owners of the lots. Failure to construct any required infrastructure to City standards may be just cause for the City of Austin to deny applications for certain development permits including building permits, site plan approvals and/or certificates of occupancy.
  - Public sidewalks, built to City of Austin standards, are required along the following streets and as shown by a dotted line on the face of the plat: Mason Avenue and Lightfield Lane. These sidewalks shall be in place prior to the lot being occupied. Failure to construct the required sidewalks may result in the withholding of Certificates of Occupancy, building permits, or utility connections by the governing body or utility company.
  - Erosion/Sedimentation controls are required for all construction on each lot, including single family and duplex construction, pursuant to the Land Development Code and the Environmental Criteria Manual.
  - The owner of the property is responsible for maintaining clearances required by the National Electric Safety Code, Occupational Safety and Health Administration (OSHA) regulations, City of Austin rules and Texas state laws pertaining to clearances when working in close proximity to overhead power lines and equipment. Austin Energy will not render electric service unless required clearances are maintained. All costs incurred because of failure to comply with the required clearances will be charged to the owner.
  - Slopes in excess of 15% exists on Lots 2-10, Block B. Construction on these slopes is limited per the Land Development Code.
  - This subdivision plat was approved and recorded before the construction and acceptance of streets and other subdivision improvements. Pursuant to the terms of a Subdivision Construction Agreement between the subdivider and the City of Austin, dated April 4, 2019, the subdivider is responsible for the construction of all streets and facilities needed to serve the lots within the subdivision. This responsibility may be assigned in accordance with the terms of that agreement. For the Construction Agreement pertaining to this subdivision, see the separate instrument recorded in Document No. 2019050301 in the Official Public Records of Travis County, Texas.
  - A fee-in-lieu of parkland dedication and park development has been paid for 31 dwelling units due to SF-3 zoning.
  - Parkland dedication is required per Ordinance 2016-0128-086, or as amended prior to approval of the first final plat in this subdivision.
  - The streets shown on this plat are dedicated as public right-of-way.
  - Participation in the Regional Stormwater Management Program was granted for this subdivision construction plan on 10-24-18 by the City of Austin Watershed Department, Office of the Director.
  - Two administrative variances have been granted to modify the standard 150 ft. critical environmental buffer for spring and wetland critical environmental features to coincide with Lot 10, which is 1.463 acres in size, and to allow construction of water quality pond outer portion of CEF buffer for spring and wetland within Lot 10, but not within 60 ft.
  - CCR's and HOA Bylaws Record Information Document No. 2019049774
  - A minimum 10-foot wide concrete sidewalk shall be built according to the City of Austin standards within the dedicated sidewalk, trail and recreational easement as shown by a dotted line on the face of the plat within Lot 10, Block B. The design including construction and termination shall be reviewed and constructed at the time of subdivision construction application. Failure to construct the required sidewalks may result in the withholding of Certificates of Occupancy, building permits, or utility connections by the governing body of utility company.
  - Participation in the Regional Stormwater Management Program was granted for this subdivision construction plan on 10-24-18 by the City of Austin Watershed Protection Department, Office of The Director.
