

### The commission is empowered to:

#### **REVIEW & ANALYZE**

the policies relating to the environmental quality of the city

#### **ACT**

as an advisory board to the city council, the city manager, and the department in their efforts to oversee the protection and integrity of the natural environment

#### **PROMOTE**

growth management and land use planning, minimize degradation of water resources, protect downstream areas, and promote recreation opportunities and environmental awareness

## ADVISE & RECOMMEND

on any issue which the commission determines necessary or advisable for the enhancement and stewardship of the urban forest both public and private.

# 2-1-144 — Section G

assist the city council, the city manager, and the department in **studying**, **promoting and enforcing environmental protection policies** to assure the health, safety, welfare and quality of life of all residents within the City's incorporated boundaries as well as those within its extraterritorial jurisdiction where the boundaries apply.

## 2-1-144 – Section H The commission shall **advise** on...

Water quality	Beautification
Growth management	Recreation resources
Land use planning	Public education on environmental matters
Construction controls for erosion & sedimentation	Hazardous waste materials management
City environmental policies re. monitoring & enforcement	Revegetation & landscaping
Solid waste disposal plan alternatives	Air quality
Watershed protection	Noise abatement
Roadway planning	All matters pertaining to the City's urban forest, including public & private trees

### 2-1-144 — Section (I) The commission shall **review**:

variances to requirements for water quality protection

Monitoring of storm water runoff in developed & undeveloped areas

Efficiency of existing and proposed structural & nonstructural water quality controls

Effectiveness of Chapter 25-4 (Subdivision)

Waste treatment permits within city's ETJ

Policies & programs for flood control, erosion control, & water quality

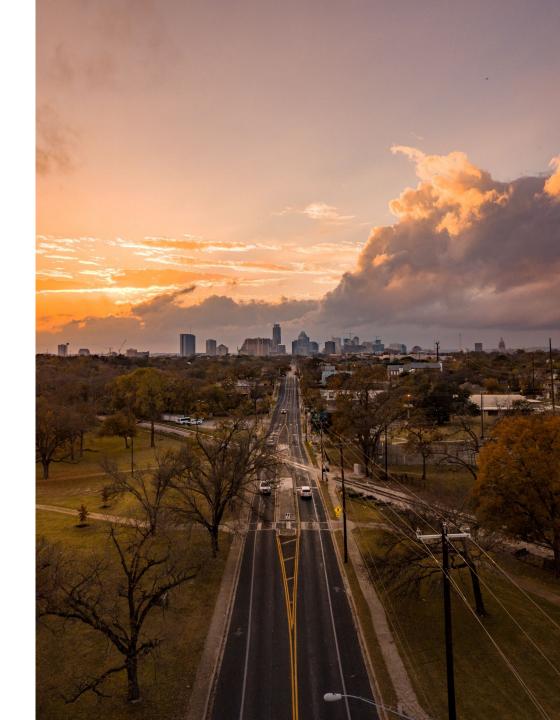

Capital improvement projects

Municipal utility district proposals & amendments

Roadway plan amendments

Recommend urban runoff standards

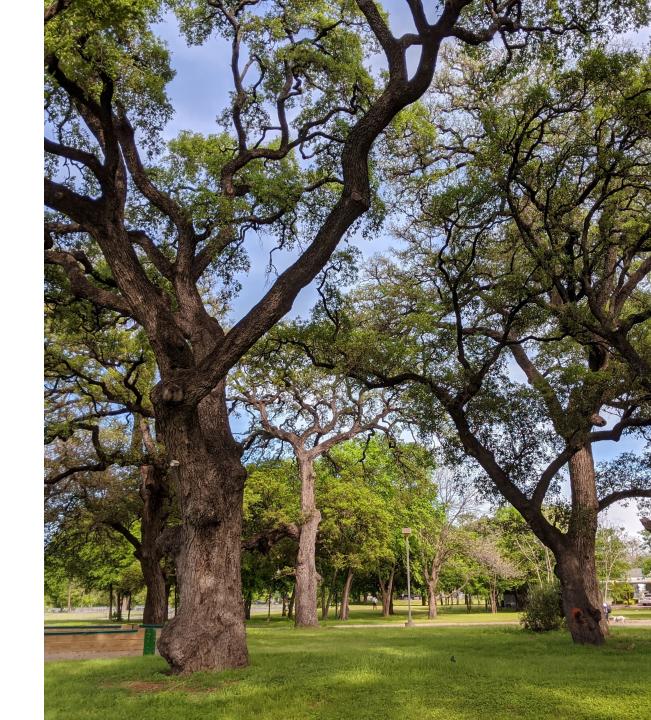

Environmental elements of planned unit developments (PUDs)

#### 2-1-144 — Section J & K

The commission may recommend & initiate, with the advice and consent of city council, specific project studies concerning any matters described in Subsections (H) and (I), or any other related environmental or urban forestry issue.

The commission shall make reports and recommendations for standards and criteria concerning any of these matters as well.

#### 2-1-144 — Section L

The commission shall promote close cooperation between the City and all private residents, institutions, and agencies interested in or conducting natural resource, environmental activities, so that all similar activities within the city may be coordinated to secure the greatest public welfare.

### **Discussion Questions**

How are we meeting the direction given to the Environmental Commission in City Code?

What is your perception of public awareness about environmental issues?

What is your perception of public involvement in environmental issues with the commission?
