*** External Email - Exercise Caution ***

Dear Members of the ICRC Commission,

I am a resident in the South River City Citizens neighborhood association. When the city first divided the city into individual city council districts our area of SRCC was put in district 3 and the rest of our neighborhood was in district 9. This is problematic when we have issues affecting our neighborhood, because we are not represented by the same person on the city council. Living in south central Austin, our issues are different from those affecting east Austin and I feel we have not had sufficient representation. I believe we would have better representation if our neighborhood was in the same district. Now that the districts are being redrawn I would like to request that area 8 be included in the same district as the other areas of SRCC.

Thank you,
Kim Lanzillotti
