Address of Rezoning Request:

1017 West Slaughter Lane

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change for 1017 West Slaughter Lane, feel that the proposed zoning change would negatively impact neighborhood safety and residents' well-being. Chisholm Lane is a narrow street (average width is 16') with egress only onto Slaughter Lane. It is already challenging to turn out of Chisholm Lane. The light at Slaughter and Buckingham enables drivers to turn east fairly easily, however, to turn west is often challenging – impeded by traffic flowing east on Slaughter Lane unchecked in conjunction with the light at Buckingham. There is no controlled traffic system at Chisholm Lane.

To the north of this property is a daycare center that has egress onto Chisholm Lane, and this further complicates the traffic at this intersection. Mornings and afternoons are especially challenging as parents are dropping off or picking up their children. Chisholm Lane residents frequently must wait on this traffic. With such a narrow street, there is no safe way to split the traffic into left or right-turning exiting the street and leave way for cars entering the street. It is unsafe to add additional traffic flow to Slaughter Lane at this point. The City has clearly marked this area as a "High Crash Roadway" and provided signage to that effect both east and west of Chisholm Lane.
