

## Recommendation for Action

**File #:** 21-2956, **Agenda Item #:** 97.

9/30/2021

### **Posting Language**

Authorize negotiation and execution of a contract with Ovivo USA LLC to provide maintenance, inspections, and spare parts for the Bosker Trash Rake System located in the Waller Creek Tunnel, in an amount not to exceed \$100,920.

(Note: Sole source contracts are exempt from the City Code Chapter 2-9C Minority Owned and Women Owned Business Enterprise Procurement Program; therefore, no subcontracting goals were established).

### **Lead Department**

Purchasing Office.

### **Client Department(s)**

Watershed Protection Department.

### **Fiscal Note**

Funding is available in the Fiscal Year 2021-2022 Operating Budget of the Watershed Protection Department.

### **Purchasing Language:**

Sole Source.

### **For More Information:**

Inquiries should be directed to the City Manager's Agenda Office, at 512-974-2991 or [AgendaOffice@austintexas.gov](mailto:AgendaOffice@austintexas.gov) <<mailto:AgendaOffice@austintexas.gov>> or to Paul Trimble, at 512-974-1714 or [Paul.Trimble@austintexas.gov](mailto:Paul.Trimble@austintexas.gov) <<mailto:Paul.Trimble@austintexas.gov>>.

### **Additional Backup Information:**

The contract will provide original equipment manufacturer resources for maintenance services, inspection services, and spare parts, for the Bosker Trash Rake System installed in the Waller Creek Tunnel. Services under this contract will include complex field service and inspection services by a trained service engineer. Spare parts will be purchased and stocked for routine and emergency repairs as well as preventative maintenance.

Bosker International B.V. is the original equipment manufacturer for the Bosker Trash Rake System that was installed in the Waller Creek Tunnel in 2017. Ovivo USA LLC has an exclusive license agreement to sell the Bosker International B.V products, including service and spare parts, in the United States of America.

The Bosker Trash Rake System was installed by the original contractor that constructed the Waller Creek Tunnel to deal with the high volumes of debris caused by severe seasonal drainage.

---

Authorization amounts for this contract are based upon departmental estimates and an inspection of the Bosker Trash Rake System in March 2020.

**Strategic Outcome(s):**

Government that Works for All.
