

MEMORANDUM

To: Council Member Paige Ellis – Chair Mobility Committee –
Please list their names

From: Anna Martin, P.E., Acting Director
Austin Transportation Department

Subject: October 7, 2021 Mobility Committee Agenda Items Cancellation

Date: October 1, 2021

The Austin Transportation Department (ATD) has requested to withdraw item #2, the Smart Mobility presentation regarding emerging mobility technology and instead, provide a Vision Zero briefing to start highlighting to the Council and the community that Austin is experiencing the highest fatality numbers in the City's history and allow an opportunity for ATD and the Austin Police Department (APD) to discuss the efforts both departments are doing to address this trend. The Smart Mobility panel on emerging technology will be rescheduled for an upcoming meeting.

Additionally, the Project Connect team has requested that item #3, Racial Equity Anti-Displacement Tool, also be withdrawn and presented at a later meeting.

Thank you,
