RE: 1104 Toyath Street Review Case Number HR 21-115725

Commissioners,

If the charge here is history and preservation, if the issues here are history and preservation, and if the commission can't say "no" to the plans put forth here.... then this body really has no reason to be.

Clarksville has... HAS (not had) a history worth preserving and deserving of respect. Both the neighborhood and it's people. Both past and present.

The proposed structure might look good in the plains somewhere. It so reminds me of a grain silo building. Please see your staff's notes.

The proposed viewing platform / floating roof deck atop the silo has view of nothing but all the yards and houses of the neighboring homes. Intrusive, if not offensive.

I oppose the erection of such an out-of-place and inappropriate building in Clarksville.

Louis Rigler
