Vice Chair DePalma made a motion to recommend to the Director the approval of Temporary Use Work and Staging Area (7,204 sq. ft.), not to exceed 30 Calendar Days on parkland located at Lower Bull Creek Greenbelt (7806 N Capital of Texas Hwy) for a Total Mitigation Value of \$2,251; Chair Lewis seconded the motion. 3. Presentation, discussion and possible action regarding a recommendation to the Planning Commission related to the superiority of the 305 S. Congress "Statesman" PUD Amendment as it relates to parks.

The motion to deny the PUD and give the list of recommendations as set forth in the draft resolution to the City Council and the Planning Commission failed on Board Member Cottam Sajbal motion, Board Member Faust second on a 5-2 vote with Board Member Taylor abstaining, Board Member Hugman absent and two vacancies. The motion that the item be reset at a special called meeting prior to the scheduled Planning Commission and if that is not possible the Board invoke the provision requesting the City Council return the item to the Parks and Recreation Board for further consideration by Board Member Faust failed due to the lack of a second.

Board Member Cottam Sajbel made a motion to recommend that the Statesman PUD, the 305 S. Congress PUD, is not superior with further recommendation for staff to continue to work with the applicant to negotiate the items listed in the resolution which include the following:

- Signature parkland must be properly deeded to the City of Austin, rather than left as easement in the PUD amendment, and the deeding of that parkland must be triggered by specific deadlines or progress in new development.
- Parkland dedicated to the City must be approximately nine acres. Six of the acres offered in the PUD Amendment are on land that is unbuildable, due to the waterfront overlay.
- Control over programming of the public parkland and trail must be awarded to the City of Austin, for public transparency.

- The Grand Staircase, with ADA compliance, must remain located next to Ann Richards Congress Avenue Bridge for public visibility and access to the parkland.
- Retention ponds with runoff from the development must be mitigated; As currently shown, one large pond under the bats would be deep enough to require fencing, and all three retention ponds locate runoff from the development on public land, taking valuable land from the signature park.
- The proposed 70-foot landing must be moved away from the sensitive area below the bats and shortened to 30 feet, the length required by the ordinance governing building on Lady Bird Lake.
- The trail must be adjusted according to recommendations set by the recently completed Safety and Mobility Study.
- Parkland dedication must increase by 20% per unit, as developers propose additional height and density, in addition to the full nine acres designated in the approved Vision Plan.
- The PUD amendment must provide for appropriate parkland amenities, such as playscapes.
- The PUD must comply with the updated land development code and with the codified rules and regulations for the South Central Waterfront.

and on the staff's list of concerns which include the following:

1. Land Dedication
 - a. Dedicate by deed as public parkland at least 6.78 acres along Lady Bird Lake.
 - b. Remove from deed any conditions regarding park programming.
 - c. Dedicate by park easement, granting public access at least 1.59 acres of plazas and connections; this will need to increase to include all ROW and street connections.
2. Park Development
 - a. Include investment of at least \$100 / per unit beyond current code (not expressed as a fixed amount).
 - b. Include in the PUD a park plan that commits to specific improvements.
 - i. Committed to even if they are beyond investment in A, above.
 - ii. Tied to and triggered by a phase of development.
3. Triggering
 - a. Set trigger for full dedication of park segments.
 - b. Trigger for each phase, in the first half of each phase.
