I wanted to voice objection to the demolition of this traditional style house in our neighborhood that is part of what keeps our neighborhood character and affordability. Renovation and addition would be a much preferred approach. The house appears to be stud framed and in decent condition for its age as opposed to board and batton style. Builders and investors often buy houses here assuming that they can be torn down to yield maximum profits.

Thanks for the consideration,
Nathan Wilkes
2006 East 9th Street
