ANALYSIS / ADDITIONAL INFORMATION: Colony Loop Drive from 440 feet south of Ritchie Drive to 550 feet north of Ritchie Drive (Overton Elementary School). (20 MPH Speed Limit).

ATD recommends increasing the length of the existing school zone to include the pedestrian crossing island that was recently constructed as part of a Safe Routes to School project. The pedestrian crossing island provides a safe crossing along Colony Loop Drive. It also connects to a recently constructed trail as part of a Neighborhood Partnering Program that leads to a more direct walking route to Overton Elementary School. ATD has coordinated with staff at Overton Elementary School as well as the Colony Park Neighborhood Association and has received no objections. The ordinance language is being updated to correct Ritchie's designation as a Drive.

This project is location within the 78724 Zip Code in Council District 1.
